THAT WAS NO BUMP IN THE NIGHT, IT'S JUST... HALLOWEEN IN JULY!

Some of you folks may not have figured this out yet, but we generally list items months in advance to make sure everyone has time to check their orders and that the things they order get to where they're going in a timely manner (that's the plan, at least). So it is, that each July, we bring you "Halloween in July", our annual celebration of the howling-best night of the year! And the best part: ***PREVIEWS*** is once again jam-packed with a crypt-full of comics, graphic novels, books, toys and collectibles — including some of the coolest new masks and props for Halloween!

"PREVIEWS is once again jam-packed with a crypt-full of comics, graphic novels, books, toys and collectibles — including some of the coolest new masks and props for Halloween!"

Speaking of Halloween, over on the *FlipSide* of this issue, we've got a selection of interviews with some of today's best and brightest new and established creators, checking in with our *INDIE EDGE... of HORROR!* It features guys like Cullen Bunn, Mike Wolfer, Ty Templeton, Steve Seagle, and many more, talking about Halloween and Horror-inspired comics. And we've even got an INDIE EDGE (*...of HORROR!*) in the usual spot up front (Page 18!), profiling Tyler Crook, artist of Dark Horse's *Harrow County*... a book I think I need to check out!

On the non-Halloween/ Horror front, we have an exclusive interview with *Bloom County* creator Berkeley Breathed (Page 262) on the return of his beloved comic strip (and the upcoming new hardcover collection from IDW). Directly after that, *Cerebus* creator Dave Sim checks in (Page 265) and talks about his new project, *Cerebus in Hell?*. I've known Dave for years, since my days at Comics & Comix in California in the '80s, and I can tell you he's a good guy, and funny too. And he's bringing that humor to bear on this unusual new project.

We're also gearing up for our fifth annual *Halloween Comic Fest* on Saturday, October 29th! Much like *Free Comic Book Day*, fans can go to participating comic shops to find a variety of free comic treats meant for their loyal customers... and for first-time attendees too! Add to that the opportunity for store specials, guest creators, and other surprises (your experience may vary by store!), and you're guaranteed to have a great Halloween at your local comic shop! Go to Page 37 for all the details on this year's Halloween Comic Fest comics, revealed in this issue for the very first time! And like previous years, you can order your own packs of this year's mini-comics (25 copies per pack!) to hand out at your home, thus making your house *"the most popular house on the block!"*

Finally, I just wanted ask everyone out there to send their prayers, positive thoughts, best wishes, or other encouragement to my fellow Comics & Comix alum and all-around great guy, Chris Cade. Last year around October, Chris had a stroke, and since then has found himself on a hard road to recovery. He's made some real improvements over the past few months, but in regards to our annual trip to San Diego Comic Con, we're just not certain whether he's going to be up to the challenge. I recently spoke with him, and he still has every intention of

attending this year's event... even setting down plans for beers at our favorite San Diego watering hole, *Dick's Last Resort*. And I'll be there for him if he does make it. It's going be tough to do this without him along for the ride... so I really hope he can make it. If not, we'll double our efforts next year.

And on that note, I bid you farewell, and hope you have yourselves a great July!

Your Pal @ ***PREVIEWS***,

Marty

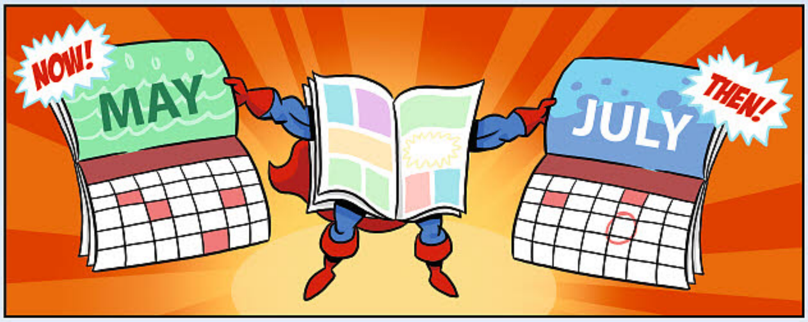
Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

USER'S GUIDE

There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

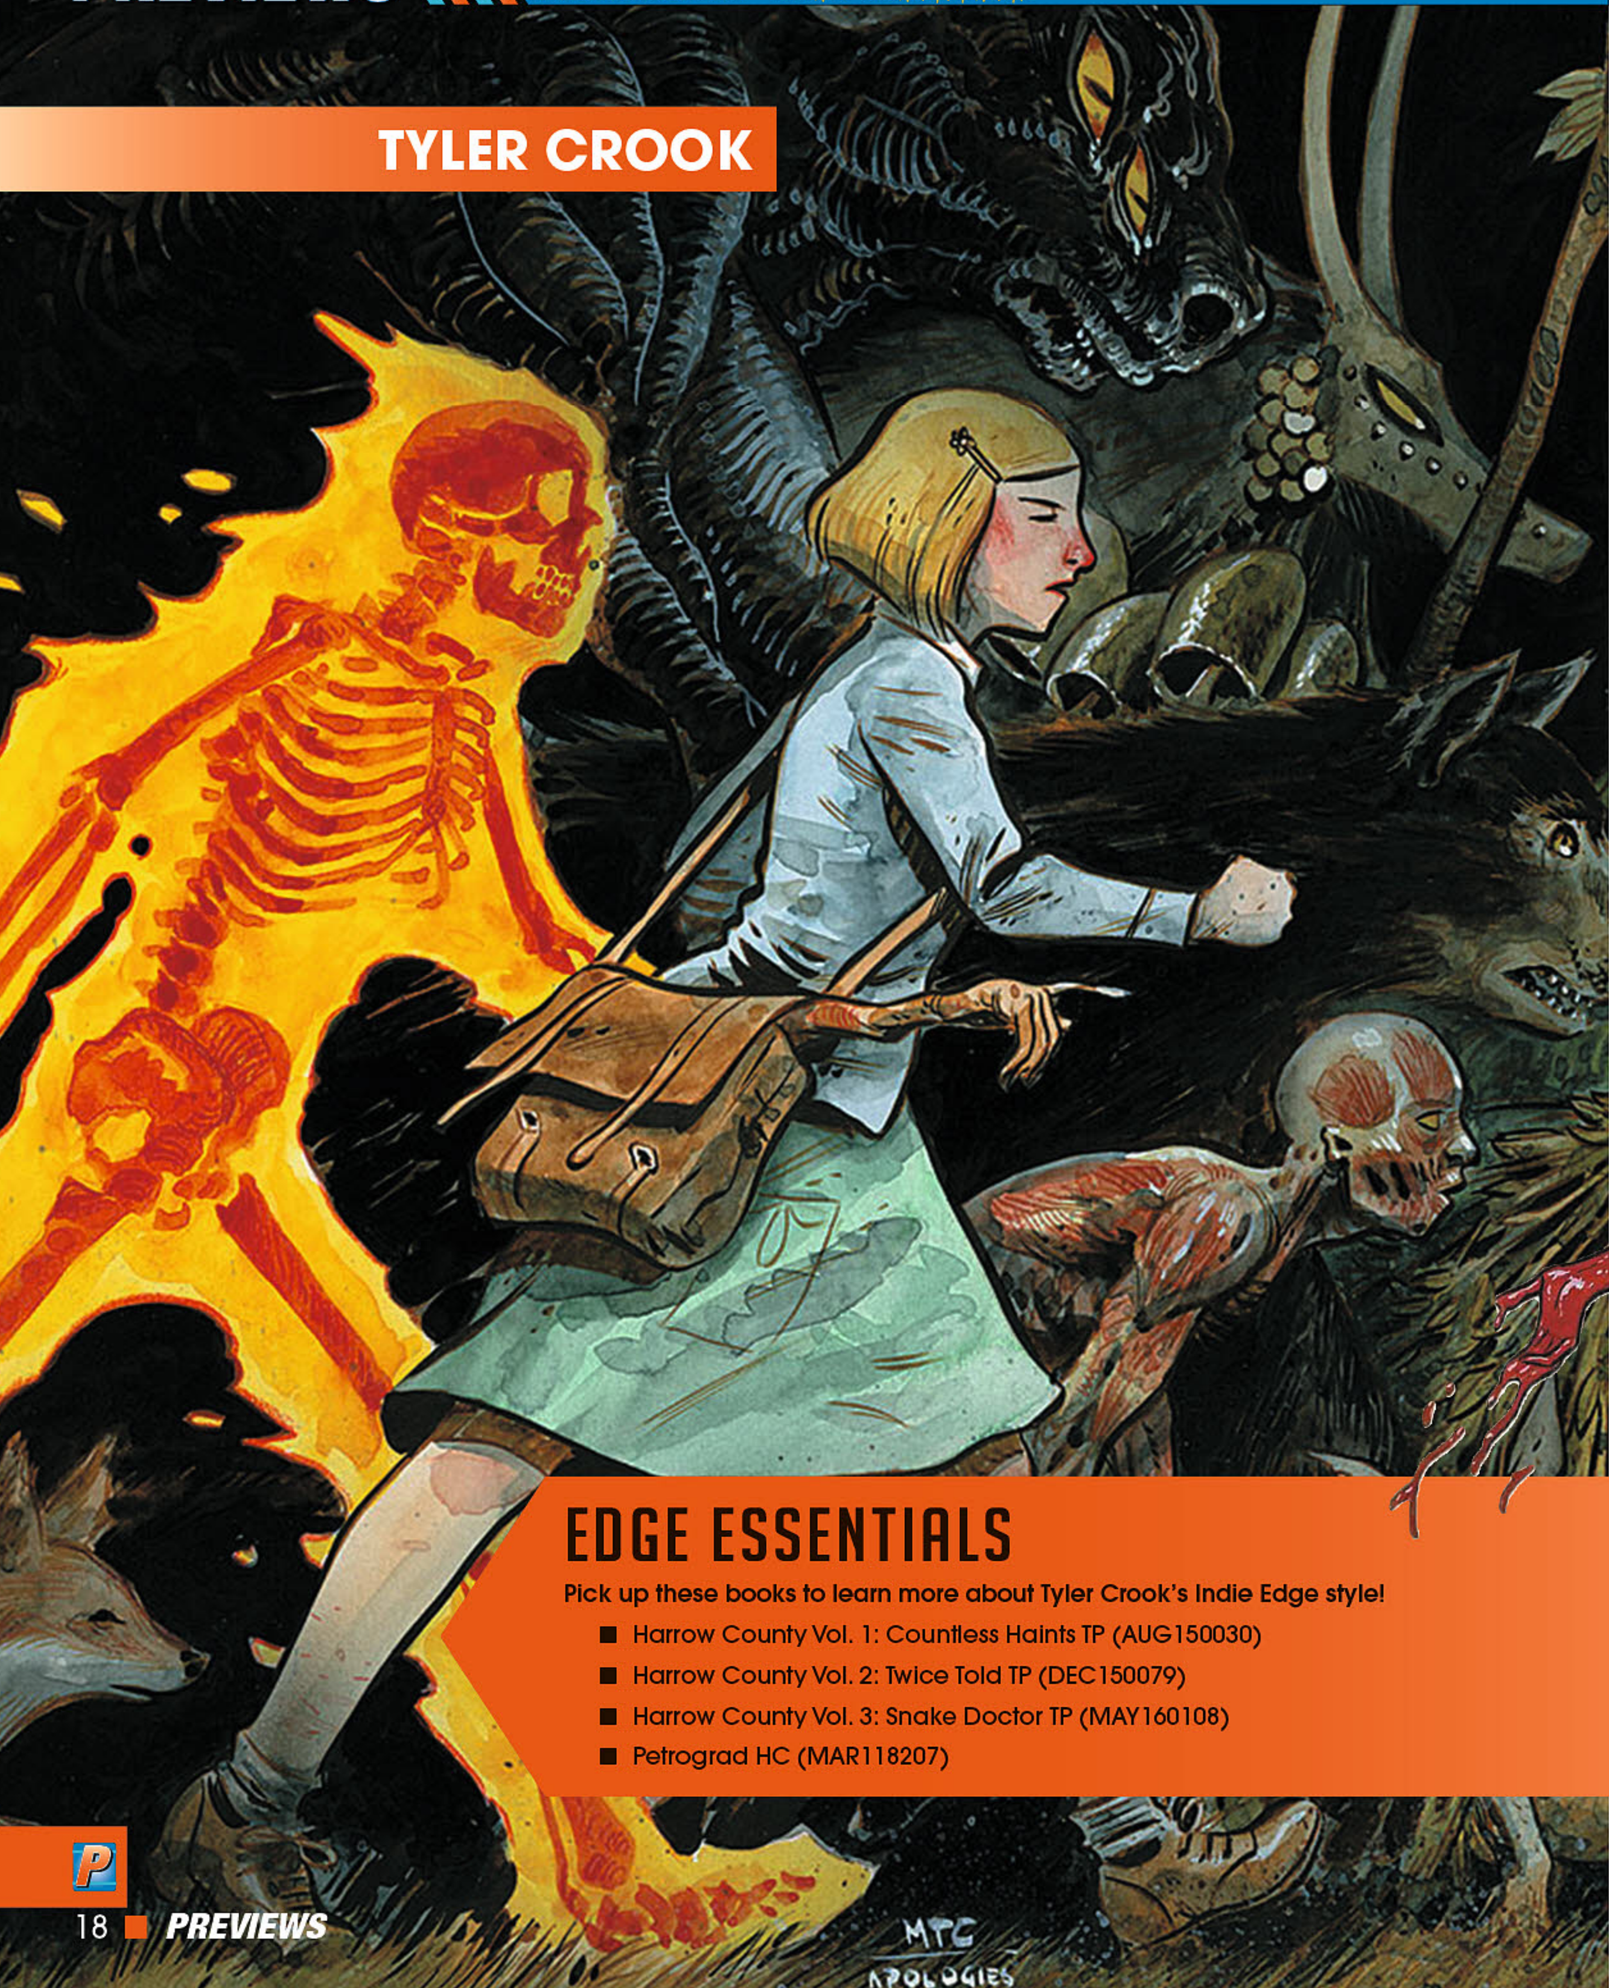
TYLER CROOK



EDGE ESSENTIALS

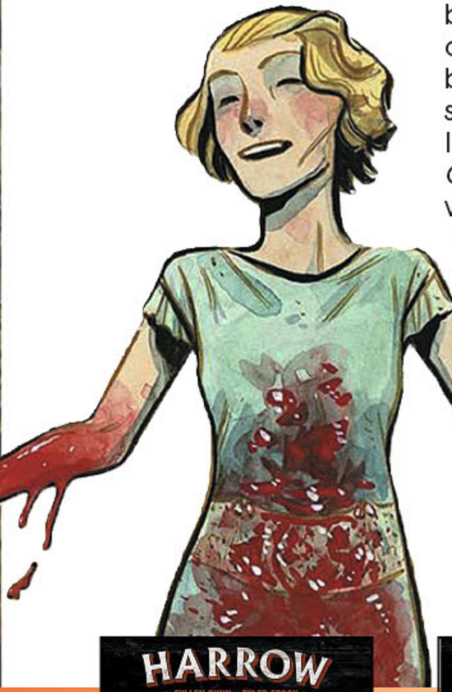
Pick up these books to learn more about Tyler Crook's Indie Edge style!

- Harrow County Vol. 1: Countless Haints TP (AUG150030)
- Harrow County Vol. 2: Twice Told TP (DEC150079)
- Harrow County Vol. 3: Snake Doctor TP (MAY160108)
- Petrograd HC (MAR118207)

Please tell us a bit about yourself!

My first comic was a book called *Petrograd* (written by Phil Gelatt). It was a spy thriller about the assignation of Rasputin. After that, I started getting jobs drawing books like *The Sixth Gun* and *B.P.R.D.: Hell on Earth*. I live in Oregon with my wife and pets and I need to start eating better and maybe go to the gym or something…

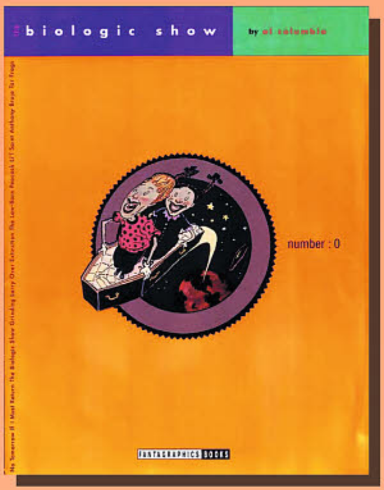
What are your favorite horror comics you've contributed to over the past decade?



I've only been in the biz for five years now, but luckily I've pretty much only done horror comics. *B.P.R.D.: Hell on Earth* will always be high on my list. I loved that series since it started and getting to work on it is something I'll always be grateful for. But I think *Harrow County* is my favorite. I'm very proud of the work that Cullen and I have done and I'm excited for where we are going to take it.

What new horror title are you currently working on?

Harrow County! It'll be taking up most of my time for the next few years!



What is the scariest horror title that you have read from any publisher?

The scariest comic I've read recently was as short story in an EC comic. The whole thing was written from the point of view of an empty grave longing for a corpse to fill itself. I found it really disturbing!

But I think the scariest book I ever read was *The Biologic Show* by Al Columbia. It's kind of hard to find nowadays but it's worth it if you do.

Where The Magic Of Collectibles Comes Alive!

Mickey Mouse in Plane Crazy

Original Plane Crazy art was displayed by Geppi's Entertainment Museum in an exhibit at Awesome Con. (Photo by Kevin Brennan)

While many people consider Walt Disney's *Steamboat Willie* as Mickey Mouse's first film, they are only half correct. During May 1928, the silent film *Plane Crazy*, Mickey's first cartoon, was given a test screening to a select audience, but it failed to pick up a distributor. Later that year, *Steamboat Willie*, a talkie, was released and became an enormous success. That eventually led to the release of *Plane Crazy* as a sound cartoon in 1929.

Ub Iwerks was the sole animator on the cartoon, and spent two weeks drawing over 700 images a day. The sound cartoon featured soundtrack by Carl W. Stalling.

Frank Miller's First Wolverine Sketch

Heritage Auctions' Weldon Adams, an Overstreet Advisor and comics historian, met Frank Miller the month that Marvel's ***Daredevil*** #181 came out, and he got the writer-artist to do a sketch of Wolverine.

"Mr. Miller said that he had never drawn Wolverine before and needed reference material," Adams wrote in ***The Overstreet Guide To Collecting Comic & Animation Art***. Months after that, the first Wolverine miniseries hit the stands.

But Adams had forgotten to have Miller date the piece, which would have offered proof that it was Miller's first Wolverine.

At Dallas Fan Expo over the June 3-5, 2016 weekend, Adams remedied the mistake by having Miller authenticate and sign the piece again. Now it's cool ***and*** historic!

Just did a one line double page splash. Five seconds for me to write, somewhat more time for the artist. I feel very guilty about this.

THE BATTLE IS JOINED IN *CIVIL WAR II #6*

Who will control the future? The heroes of the Marvel Universe have gone to war over the precognitive Inhuman Ulysses in Marvel Comics' *Civil War II*, and this September the leaders of the two factions — Captain Marvel and Iron Man — will take on one another for the right to control Ulysses and shape the future in *Civil War II* #6!

Freedom vs. security. Free will vs. predestination. Philosophers and political theorists have argued over these concepts for centuries, but for the heroes of the Marvel Universe the questions raised here aren't merely abstract. An Inhuman with the power of perfect foresight has made these concepts concrete, and heroes have lined up on one side or the other — free will and freedom, predestination and security — and fought over who, if anyone, has the right to control the present and shape the future.

Now, in the penultimate chapter of Brian Michael Bendis and David Marquez's *Civil War II*, the conflict has brought the leaders of the two factions — Captain Marvel, leader of those in favor of shaping the future, and Iron Man, leader of those who would see the present unfold on its own — into the fray for their long-awaited battle! Long-time friends turned bitter enemies, Carol Danvers and Tony Stark are fighting for the future of the Marvel Universe, and the victor will determine the future!

The Marvel Comics event of 2016 has been building toward this, the one-on-one battle between Captain Marvel and Iron Man, and you will have a ringside seat to their battle with the fate of the Marvel Universe on the line in September's *Civil War II* #6!

Captain Marvel and Iron Man come to blows in *Civil War II #6*, the penultimate chapter of Marvel Comics' 2016 event!

When a research outpost is attacked, Hellboy and the team are sent into the frozen wastes, and there they will battle creatures unlike any they have ever seen! RG Veda (pronounced *Rig Veda*) is based on a classic Indian saga. Ashura has decided to trust the known liar Kujaku to tell the truth and lead them to the fabled Ice Castle in search of Yasha, magicked away in a cloud of butterflies! But there are many strange fortresses in the realms of the gods, and the Sky Castle also is a place of darkness, shrouded in sorrow by the grief of Lady Karura for her sister. And even a sanctuary in the clouds is no safe refuge to one hoping for revenge on the usurper of the heavens, Taishakuten . . .

WHAT IS DC'S YOUNG ANIMAL?

Let's ask DCYA guiding light Gerard Way...

"DC's Young Animal is first and foremost about the art of making comics: the teams and the collaboration and the desire of creators to do new and experimental things. It is a place for wild ideas, and these ideas become Comics for Dangerous Humans—those who seek an alternative to what is largely happening in mainstream comics and the media. We do this with honor to the past, while facing the future in a fearless way. I hope you check out these books— they are doing something different, they are forming something new. We are extracting the oddballs from the DC Universe and zapping them with invigorating life.

"I grew up reading Grant Morrison's DOOM PATROL and other books that paved the way for the Vertigo imprint. Stories that starred misfit characters from the DC Universe and people living on the fringes of society.

"Telling great stories via words and pictures is the ultimate form of self expression. I can't think of a better place to tell the stories that represent the alternative zeitgeist than DC's Young Animal."

DOOM PATROL #1

The atoms are buzzing. The daydreams crowd sentient streets, and the creative team has been warned, "Turn back now or suffer the mighty consequence of sheer, psycho-maniacal mayhem." Generation-arsonists unite—this is DOOM PATROL, and the God of the Super Heroes is bleeding on the floor.

A blenderized reimagining of the ultimate series of the strange, DOOM PATROL combines elements from classic runs, new directions, and things that could not be. Our entry point is Casey Brinke, a young EMT on the graveyard shift to abstract enlightenment, with a past so odd that she's not entirely sure what is real and what is not. Along with her partner, Sam Reynolds, the pair blaze a path through the city and its denizens, finding the only quiet that exists at 3a.m. is the chaos of the brain. When the pair answer a hit-and-run call, they find themselves face-to-face with a familiar figure: Cliff Steele, AKA Robotman.

"It gets weirder from here," writer Gerard Way says about the book, with artist Nick Derington gripping tightly on the wheel of the ambulance. The pair's only communication? Shouting out of the open windows while at high velocity. Who needs a new roommate? Who names a cat "Lotion"? And when do we get to see all those muscles?

Find your answers inside the pages of this comic book, as we set the stage for new beginnings, as well as the re-introduction of some classic DOOM PATROL characters, including Niles Caulder, Negative Man, Flex Mentallo, and Crazy Jane.

The debut title of DC's Young Animal line kicks off with a removable sticker on its cover: Pull back the gyro to reveal its secrets, but be warned—there is no turning back.

FROSTBITE #1

Written by JOSHUA WILLIAMSON • Art and cover by JASON SHAWN ALEXANDER

Long after Earth has entered its second ice age, humanity has learned to cope with the frozen elements. In this cold and bleak future, heat is power, and brutal gangs roam the icy wasteland looking for it. If that wasn't enough, a terrible disease nicknamed "frostbite" is literally freezing people from the inside out. Once you catch it, the effect is instantaneous. There is no immunity, there is no cure.

Until now. Doctor Henry Bonham and his daughter Victoria have found the key to ending frostbite. If they can get from Mexico City to a secret government outpost in Alcatraz, they could stabilize life across the globe. But to do that they'll need to stay alive. That's where Keaton comes in. She and her crew have faced worse journeys before, but never with the potential consequences this one poses if they fail.

A new miniseries from acclaimed writer Joshua Williamson (THE FLASH: REBIRTH; *Nailbiter*) and artist Jason Shawn Alexander (*Empty Zone;* BATMAN: ARKHAM CITY), FROSTBITE is a science-fiction action miniseries unlike any other.

Jack Kirby has been called the King of Comics, and rightfully so. For more than 40 years he was the most vital and groundbreaking artist in the medium. There have been dozens of books on Kirby over the years, including several oversized Artist's Editions showcasing his original art. This book will present Kirby's art in a new and unprecedented way, as side-by-side examples of his work, both in PENCIL and INK! Three Key first issues are showcased: *The Demon #1, Kamandi #1 and Omac #1*, along with a number of additional pieces presented. This is a perfect way to see Kirby art in its rawest form, from photocopies made from the original pencils as each page was completed, then next to it, the finished inks. RIP KIRBY, VOL. 9

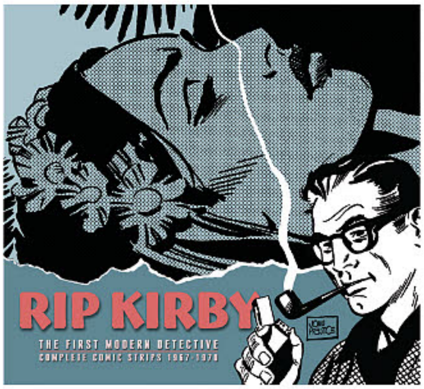
writer **John Prentice**

artist **Fred Dickenson**



John Prentice won the National Cartoonists Society award for "Best Story Strip Cartoonist" in 1967, proving that the adventure strip could still capture the public's imagination. Similarly, Rip Kirby, that debonair gentleman detective, proved that style and class still counted among the sexy jet-set. In these nine complete stories, Rip must prevent Mr. Monarch from selling a super-secret missile defense system to the highest bidder, tries to keep "The Shark" from stealing nearly a quarter million dollars, is hired to protect a gorgeous movie star from kidnapping, and in a bizarre twist, faithful Desmond is hypnotized into reverting to his former occupation as safecracker, with Rip as his victim. The strips are reproduced from the original King Features Syndicate proofs, insuring that every daily will look even better than when it was first published in newspapers over fifty years ago. Containing more than 800 sequential comics from July 10, 1967 to April 25, 1970!

RED BARRY: UNDERCOVER MAN, VOL. 1

writer/artist/cover **Will Gould**

Red Barry was one of the most visually innovative adventure strips of the mid-1930s, combining fluid brushwork and noir shadows (in bold blues and purples) with figures that were constantly in motion, plus a level of violence that brought cries of protest from its syndicate. *Red Barry* and *Secret Agent X-9* were King Features' answers to the Tribune Syndicate's popular *Dick Tracy* by **Chester Gould**. While *X-9* continued for decades under hands of various quality, *Red Barry* by **Will Gould** (no relation to Chester) was an auteur's vision that lasted less than four years (primarily because Gould couldn't meet his deadlines). Regardless, it is today considered one of comics history's great unsung masterpieces, one which famed mystery writer **Anthony Boucher** said was "the only detective strip…worthy of any consideration from my scholarly viewpoint." This two-volume series will reprint the complete dailies and color Sundays.

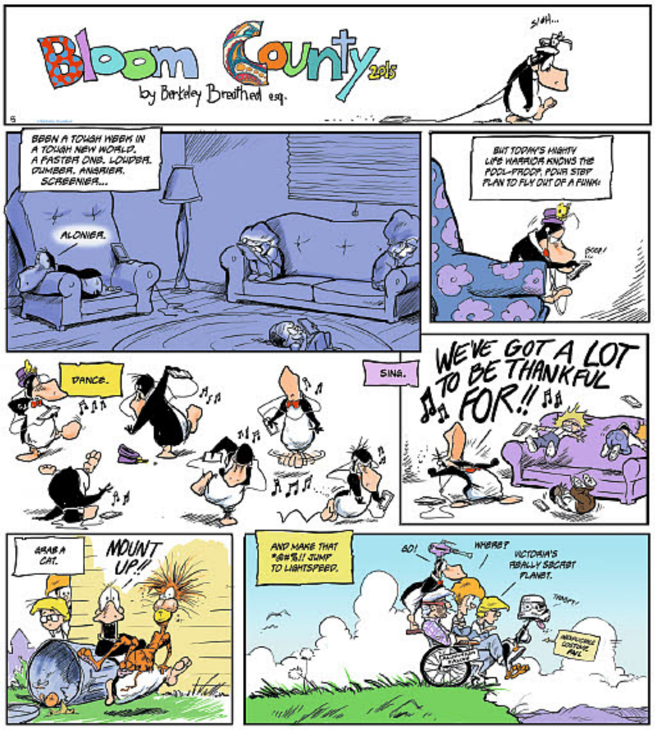
Bloom County: BACK IN BLACK

(& WHITE, AND COLOR ON SUNDAYS)

With a new collection of *Bloom County* strips coming from IDW this September, we caught up with creator Berkeley Breathed, who discusses his return to a (mostly) daily *Bloom County* on Facebook, his process, and how things have changed since the strip's original '80s run...

PREVIEWS: *Last summer, you resurrected* Bloom County, *your classic daily comic strip from the 1980s, as a generally daily webcomic on* Facebook. *Though the characters of* Bloom County *had lived on in the Sunday strips* Outland *and* Opus *in the decade after* Bloom County, *why did you return to* Bloom County *proper, the four-panel format, and a daily-ish schedule at this particular moment in time?*



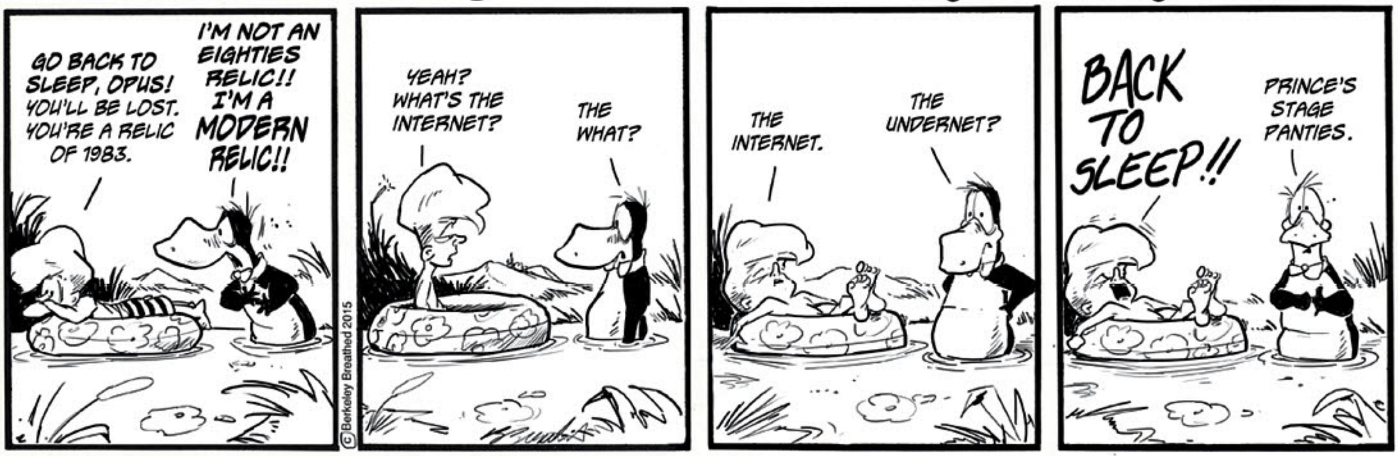
Berkeley Breathed: A little before Comic-Con last year I started toying with the idea of doing something with *Bloom County*. I went on an archeological dig in a few closets and found some old printed *Bloom County* paper from 1984, which I had not touched in God knows how long. And I sketched and drew and the more I did the more I found myself feeling... *joyful*.

P: **Bloom County's** relaunch was something of a viral sensation. Were you surprised by the reaction of fans to new **Bloom County**? How did it make you feel that people really wanted to see Opus, Bill, and all the rest again?

BB: When we launched the strip on my Facebook page (*www.facebook.com/berkeleybreathed*) it was without fanfare or press releases. Really, I had no clue how it would be received. People noticed it quickly, however, and the response to it was overwhelming. And it feels great, especially the immediacy of people reacting to each strip within moments of our posting them. I'm humbled by the quantity and quality of everyone's comments, and how much *Bloom County* has meant to so many for so long.

BLOOM COUNTY 2015

by Berkeley Breathed

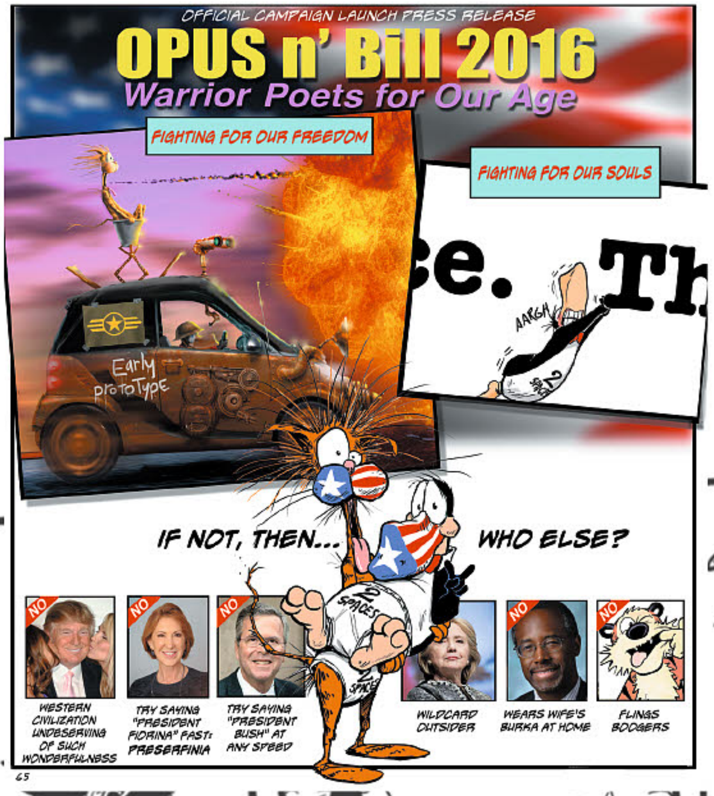


P: *How does your creative process for* **Bloom County** *differ today from, say, 1988? Are you still working with pencils at an art table, or have you moved to digital drawing? What would you say is the biggest change in how you work today compared to even ten years ago on* **Opus***?*

BB: Everything is now done digitally, as was *Opus*. The biggest change though is not having to make a mad dash at 4:00 A.M., and sometimes driving thirty miles in a blizzard, to get the most recent batch of strips on a plane and rush-delivered to the syndicate. I was never — *not even once* — on time! Today I post the strips regularly and then jump back and work on the next one... right after I marvel in embarrassment that the comments on Facebook are often funnier than me.

P: *How has being free of the editorial oversight/interference of a newspaper syndicate changed your approach to writing* **Bloom County***?*

BB: I had no desire to be at the mercy of newspaper syndicates and irate advertisers upset with me for lampooning sacred cows and profane politicians.



P: *Even though you're now working on the web, free of the limitations of a newspaper, you're still creating* **Bloom County** *in a newspaper-style 4-panel layout. Why are you continuing to use that format — even Charles Schulz, in the last decade of* Peanuts*, experimented with 1-, 2-, and 3-panel layouts — and are their narrative and aesthetic advantages to using the 4-panel format?*

BB: There are variations from time to time, but the four-panel format is what *Bloom County* always was. The Sundays, of course, are free form, no restrictions on what to do with them.

P: *The original run of* **Bloom County** *was immersed in the pop and political culture of the times; this was how it was described in* ***PREVIEWS*** *when IDW published the first* **Bloom County** *collection:* "One of the defining comic strips of the 1980's, *Bloom County* chronicled the Reagan years with subversive flair, skewering the politics, culture, and excesses of the era." *The new strips are grounded, just as much, in the 2010s, and some of the humor of the strips comes from the contrast between the things that have changed and the things that are the same. Culturally, what would you say is the biggest change between the 1980s and today? And what's the greatest similarity?*

BB: The overwhelming change is the hurricane of commentary that now floods our senses. We were alone in our comical take on the day's news in the '80s. Not so much now. That and shortening attention spans. Its ruined movies and infected nearly all entertainment. Thank God I'm still only four panels.

P: *Finally, if you had to sum up* **Bloom County** *and your newest book,* **Bloom County Episode XI: A New Hope** *coming out through IDW in September with a single word, what would it be?*

BB: Sigh.

P: *Berkeley Breathed, thank you for your time. Ack! Thbbft!*

AARDVARK'S INFERNO:

CEREBUS IN HELL/DAVE SIM INTERVIEW

Year's after ending his long-running independent comics series **Cerebus** with (SPOILER ALERT!) the death of its title character, Dave Sim once again revisits his "earth-pig" hero in a new setting, the many levels of Hell featured in Dante's Divine Comedy. Why Hell? Why now? Why not let Dave answer these and other questions…

PREVIEWS: *This summer you're publishing* ***Cerebus in Hell?*** *#0, the first new* ***Cerebus*** *comic book in twelve years. What prompted you to return to* ***Cerebus****?*

Dave Sim: Two things. One: I think I owed the longtime readers an answer to the post-issue 300 question: *"So, is Cerebus in hell, or what?"* There's definitely still a question mark as to where specifically he is but, you know, *"It's Cerebus. So, I think we can safely rule out Heaven"* (laughs). It's also funnier that he's been there for twelve years at this point. *"No hurry on checking in with him: he isn't going anywhere."* (laughs). *"Meanwhile, twelve years later…"*

Two: While re-reading David Malki's *Beards of Our Forefathers* over Christmas and laughing and laughing — and then realizing *"Hey, just because my right hand can't draw anymore doesn't mean I — and Sandeep — can't do* (hopefully) *really, really funny comics!"* As part of this project, Sandeep and I are also going to do a daily *Cerebus In Hell?* webcomic until #0 comes out, on *momentofcerebus.blogspot.com*, so hopefully that will drum up some interest as well.

P: *The original run of* ***Cerebus*** *ended with his death.* ***Cerebus in Hell? #0*** *finds Cerebus traveling through the Hell of Dante's Divine Comedy. How difficult was it to match Cerebus to illustrations from Dante, such as the work of Gustave Dore?*

DS: Not difficult at all! The assumption is that he's being punished so, instead of 500-page stories, he's stuck in 4-panel stories, and instead of having a huge spectrum of reactions, he's limited to one deadpan reaction, one angry reaction and one disgusted reaction. *"You weren't really very good at being Cerebus, so let's try you out as 'the poor man's Garfield' and see if you're any better at that."* Sandeep and I have the same reaction: Cerebus is so hilariously pathetic that the strips really pretty much write themselves. Cerebus and the Manticore. Cerebus and the Minotaur. Cerebus and the Unconsecrated Dead. Cerebus and the Suicides. Cerebus and the Titans. Cerebus and Lucifer. If you can't write four funny panels on that, you're in the wrong line of work.

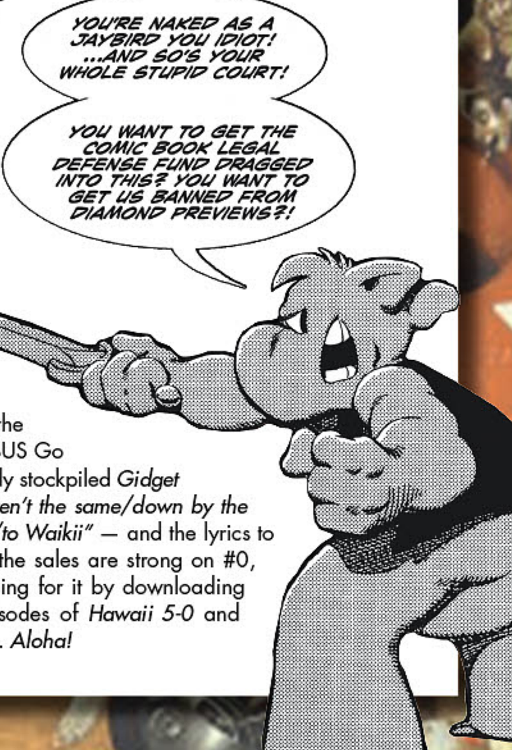
P: *Beyond issue #0, for a reader who hasn't read* ***Cerebus*** *or is only familiar with the work and character by reputation, which volume would you recommend to them first?*

DS: Everyone says *High Society*, so I'll go with that.

P: *In the past you've used Cerebus to comment on the topic of comic creator's rights. In a crossover project with Todd McFarlane in* Spawn *#10, Cerebus introduced Spawn to a new circle of Hell where creators of licensed characters and their creations are imprisoned. How would Cerebus react to the industry today?*

DS: How would Cerebus react to the industry today? The same way Cerebus reacts to everything: *"What's in it for Cerebus?"* is always the question. And *"Choose Cerebus instead."* is always the answer. If the female Thor will get him out of wherever-he-is-right-now, he'll be the biggest female Thor fan you ever saw!

I did a *CIH?* strip of Cerebus claiming that if I had just sold him to Marvel he would be starring in a billion-dollar-grossing movie today. And then "proved" he could carry a billion-dollar grossing movie by @#$%ing out-@#$%ing @#$%ing Dead-@#$%ing-pool in his next three word balloons. *"@#$%ing swearing? Cerebus can @#$%ing do that! Choose @#$%ing Cerebus instead of @#$%ing Deadpool!"*



P: *What are your future plans, beyond* **Cerebus in Hell***?*

DS: If the #0 sells okay, then there's a four-issue mini-series monthly, January to April 2017. And if the four issues sell okay (i.e. sales warrant doing a trade paperback collection) then the next one will be "Does CEREBUS Go Hawaiian in Hell?" I've already stockpiled *Gidget Goes Hawaiian* — *"Things aren't the same/down by the sea/Since the aardvark came/to Waikii"* — and the lyrics to Don Ho's "Tiny Bubbles". If the sales are strong on #0, Sandeep and I will be prepping for it by downloading Elvis in *Blue Hawaii* and episodes of *Hawaii 5-0* and *Magnum P.I.* before Christmas. *Aloha!*

OTHERWORLD BARBARA VOLUME 1 HC

Recommended by Sarah Martinez

In 2006, Creator Moto Hagio's *Otherworld Barbara* received the prestigious Nihon SF Taisho Award—a Science Fiction award for Japanese writers on par with the Nebula Award for English language writers—out-ranking dozens of prose authors and taking the prize with the first manga in 23 years to receive the honor. It is no exaggeration to call her the founding mother of *shojo* manga and a pillar of sequential storytelling. With a driving passion for not only science fiction, but science fact, Hagio executes subtle characterizations and complex interactions in staggeringly imaginative and well-constructed worlds. She's cemented her place as a science fiction master and peer to the likes of Ray Bradbury (whose work she has adapted to manga), Isaac Asimov, and Robert Heinlein (whose works she cites as inspirational.)

With that fanfare as our starting point, Fantagraphics proudly presents the first book of *Otherworld Barbara*. Detective Tokio discovers the comatose body of a young girl who appears to have murdered her parents and eaten their hearts. Using advanced technological investigation techniques to deep-dive into the girl's unconscious mind, Tokio must unravel the mystery of a cannibal child whose dream states predict or perhaps dictate the future.

This gorgeous two-volume hardcover series will be an excellent companion to Hagio's *Heart of Thomas* HC (SEP121095) and *Drunken Dream* HC (JUN100998) published by Fantagraphics in prior years.

A seismic sci-fi magnum opus from the mother of modern manga.

CAN'T WE TALK ABOUT SOMETHING MORE PLEASANT? TP
(W/A/CA) Roz Chast
Roz Chast brings her signature wit to the topic of aging parents. FRANK CHO ON SKYBOURNE

What is *Skybourne* about? Is there a special meaning behind the name itself?

The *Skybourne* story is something I thought of over 10 years ago. It's the story of Thomas Skybourne, an immortal tired of his everlasting life, who goes on a search for a mystic weapon, Excalibur, that could kill him. In the opening scene, Skybourne is seen falling from the sky (he jumped out of plane without a parachute), his latest attempt at ending his life. So the name Skybourne has a double meaning: It describes his divine origin and the opening scene of the story.

What was the initial inspiration behind the idea for this series?

I love movies, especially monster movies. I wanted to write and draw stories about monsters, myths, and legends with a modern sensibility. So there will be a lot of pulp magazine-inspired action with amazing visuals and a healthy dose of humor.

Can you break down the main characters in this series and tell us a little about each?

Two thousand years ago, after his divine resurrection, Lazarus had three children: Abraham, Thomas, and Grace. All three children were gifted with super strength, an indestructible body, and immortality. This is the story of Thomas and Grace, and their battle against Merlin who wants to destroy humanity. (I have a different story for Abraham down the road.) The whole series is a cross between *Indiana Jones* and *Highlander*.

Even though this is set in modern day, the bad guy here is Merlin, and the sword featured in the story is Excalibur. Can readers expect to see other legendary Arthurian references as the story unfolds?

The Merlin character in this story is the Merlin from the original early literatures—he's a child of nature and bit of a wild man. There will be dragons, knights, and Excalibur, but I won't delve too much into the Arthurian legend.

How is this project different from some of your other creator-owned projects?

This is one of the few stories I wrote that have a concrete beginning and end. This story came to me fully formed. And it's also one of the most cinematic stories I've envisioned.

What would you like to say to fans to encourage them to try *Skybourne*?

If you like monsters, ancient legends, history, and a fun, action-packed story, this is the book for you. Think of *Indiana Jones* with monsters!

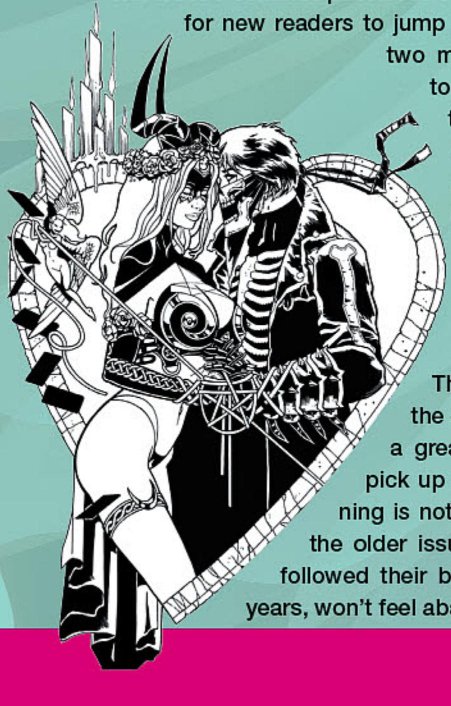
TAROT: WITCH OF THE BLACK ROSE

REACHES ISSUE 100!

Sixteen years ago Holly Golightly and I started BROADSWORD COMICS and published TAROT: WITCH OF THE BLACK ROSE #1 on March 15th in the year 2000. Now, in Sept. 2016, TAROT: WITCH OF THE BLACK ROSE will reach issue 100 thanks to the loyalty and support of our Readers, Store Owners and Diamond Distributor.

We have been ON-TIME with our comics, NEVER shipped late, which I believe is a big reason why the Stores and Readers have supported us all these years. We are very proud of this fact and have been told by store owners that for 16 years our books have brought customers into their comic stores on a regular basis.

I also feel that part of our success is that our comic appeals to the Superhero reader as well as the Fantasy reader. (Male and Female alike.) Each issue is filled with Witchcraft, Hauntings, as well as high adventure. Practicing Witches and Non-Witches enjoy the series for its escapism, its values of Paganism / the Craft and, even, at times its sense of humor. It is a MATURE READERS book and does have nudity in most of the issues. The stories revolve around strong female characters that are comfortable with their sexuality. All these elements, I believe, sets TAROT: WITCH OF THE BLACK ROSE apart from other comics and have contributed to its success.



Will TAROT continue past issue 100? Yes! And it's not too late for new readers to jump on board. In issue 100, the two main Characters, The Skeleton Man and Tarot, will be getting married. (Handfasted) But Dark Magick from the fairy realm is determined to poison the ceremony and usher in a cursed future not only for our heroes but for mankind as well.

This is a NEW BEGINNING for the couple as Man and Wife and a great time for new readers to pick up the series. Plus, this beginning is not a REBOOT that disregards the older issues, so Readers, who have followed their beloved characters all these years, won't feel abandoned.

Readers can look forward to more tales of our Heroes battling Malevolent Forces, Magical Beasts and scheming Dark Fairies, all while balancing their lives as man and wife. More surprises await in the coming years that have made this series fun and exciting to read.

To celebrate this 100th issue, there will be two covers, (A and B) illustrated by me. A black & white incentive cover for the stores. A photo cover featuring Holly as the cover model. And for the first time in BROADSWORD COMICS history, a Blank Sketch cover, so when we meet readers at conventions we can sketch them a unique illustration for their book.

The issue will also contain extra art and stories by Holly Golightly called "TEEN TAROT" which is a look into the young Witches' early lives.

Thank you all once again for helping us reach this one hundredth issue and believing in the Magick of our Witch, TAROT: WITCH OF THE BLACK ROSE.

SNOW WHITE GN

(W/A/CA) Matt Phelan

Award-winning graphic novelist Matt Phelan delivers a darkly stylized noir Snow White set against the backdrop of Depression-era Manhattan. Enter a cast of familiar characters: a young girl, Samantha White, returning after being sent away by her cruel stepmother, the Queen of the Follies, years earlier; her father, the King of Wall Street, who survives the stock market crash only to suffer a strange and sudden death; seven street urchins, brave protectors for a girl as pure as snow; and a mysterious stock ticker that holds the stepmother in its thrall, churning out ticker tape imprinted with the wicked words "Another…More Beautiful…KILL." In a moody, cinematic new telling of a beloved fairy tale, Phelan captures the essence of classic film noir on the page — and draws a striking distinction between good and evil. "Get in the action with Atari!" Since its formation in 1972, Atari pioneered video game technology and built today's multi-billion dollar industry, developing arcade games, home video systems, and personal computers to entertain millions of children and adults with fan-favorite games like Asteroids, Centipede, Missile Command, and Yar's Revenge. To usher in the new era of electronic entertainment, the company hired an array of talented illustrators to emblazon game cartridges, boxes, magazine advertisements, and more with mind-blowing visions of fantasy and sports thrills, science fiction and adventure, that elevated pixelated gaming to the realm of high art. Art of Atari is the first official retrospective of the company's illustrative accomplishments, **spanning over four decades** and cultivated from museums and private collections worldwide. Whether you're a fan, a collector, or new to the world of Atari, this book offers the most complete collection of Atari artwork ever produced!

Dr. Herbert West, The Reanimator, returns! Setting up shop in New Orleans, the brilliant Dr. West continues his life's work: the revival of the dead by purely chemical means. To accomplish this task, he recruits Susan Greene, a young and wide-eyed pharmacologist fascinated by his macabre experiments. Initially unfazed by West's unorthodox practices (including how he funds his research - by selling zombie brain fluid as a narcotic), Susan may regret her scientific curiosity as sinister forces - those aligned with Elder Gods and Haitian Voodoo - begin to align against the Reanimator. Dynamite Entertainment proudly resurrects H.P Lovecraft's notorious mad scientist in a fear-fraught tale of Cthulhu tentacle terror and backwater Louisianan superstition!

Bonus features:
- A thorough "History of The Reanimator" prose introduction by writer Keith Davidsen.
- An insightful and meticulously researched appendix of Lovecraftian references and creator commentary,
- Never-before-seen design illustrations from artist Randy Valiente, and
- A complete cover gallery featuring the work of Francesco Francavilla, Jae Lee, Andrew Mangum, and more.

There is a fifth dimension beyond that which is known to man. It is a dimension as vast as space and as timeless as infinity. It is the middle ground between light and shadow, between science and superstition, and it lies between the pit of man's fears and the summit of his knowledge. This is the dimension of imagination. It is an area which we call... the Twilight Zone.

one of the best original graphic novels of the year
"SUPER TERRE.R delivers the delights and dangers of a classic science fiction tale. Overall grade: A+"
"This massive 150 paged tome [is replete with] drop dead gorgeous work. The design of the alien civilization is staggering. It's both aged and unearthly. The double-paged spread of Pages 2 and 3 is jaw dropping and more than worth the cover price alone. Talbert's visuals look similar to the work of Moebius. His art absolutely takes the reader on a trip to a place they're never seen, with the paintings on walls stunning and the flashbacks to the alien civilizations mesmerizing. The views of the past have all the exotic wonder of Richard Corben's work. I would have been happy if the story had just followed the one individual who decides to investigate the planet, the visuals were so beautiful. And just as the reader is lost in the splendor of the settings, the horror reappears to remind one that this is not a safe world. This is the way all science fiction stories should be illustrated."

MOONCOP HC
(W/A/CA) Tom Gauld
The lunar colony is slowly winding down, like a small town circumvented by a new super highway. As our hero, the Mooncop, makes his daily rounds, his beat grows ever smaller, the population dwindles. Depicted in the distinctive, matter-of-fact style of Tom Gauld's beloved *Guardian* strips, *Mooncop* is equal parts funny and melancholy. Gauld captures essential truths about humanity, making this a story of the past, present, and future, all in one. (STL015978) (C: 0-0-1)

CHEAP NOVELTIES: THE PLEASURES OF URBAN DECAY HC
(W/A/CA) Ben Katchor
Cheap Novelties is an early testament to Ben Katchor's extraordinary prescience as both a gifted cartoonist and an astute urban character. Rumpled, middle-aged, Julius Knipl photographs a vanishing city, an urban landscape of low-rent apartment buildings, obsolete industries, monuments to forgotten people and events, and countless sources of inexpensive food. Now presented as a deluxe anniversary edition, *Cheap Novelties* is a portrait of what we have lost to gentrification, globalization, and the malling of America that is as moving today as it was a quarter century ago. (STL015979) (C: 0-0-1)

(W/A/CA) Pascal Girard
Burdened with grief, confusion, and anger, Pascal Girard explores the childhood passing of his five-year-old brother, from his memories as a nine-year old struggling to understand up until present day, twenty-five years after the shattering loss. Originally published ten years ago, this edition includes new comics and an introduction that contemplate the larger effect of Nicolas's death on his current behaviors and habits. *Nicolas* is a delicate, minimalist portrait of the many faces of mourning, identified with surprising humor and pathos by an artist who knows them intimately. BIGFOOT HC

Jimmy is a teenager in a crummy little town. He's got a lousy best friend, a porn habit, and an uncle whose miserable existence is the embodiment of life stalled in its tracks. He's also got a tender soul, a pure-hearted crush, and the makings of a budding artist. A horrible YouTube video of Jimmy dancing in his living room becomes viral and makes every sweet and hopeful thing about Jimmy seem utterly pathetic. Everyone from fellow classmates to the clerk at the corner store has seen the video, and Jimmy finds himself a celebrity in his town, just for the wrong reasons. (STK429022)

GOLIATH HC
(W/A/CA) Tom Gauld
Goliath of Gath isn't much of a fighter. Given half a choice, he would pick admin work over patrolling in a heartbeat, to say nothing of his distaste for engaging in combat. Nonetheless, at the behest of the king he finds himself issuing a twice-daily challenge to the Israelites. Day after day he reluctantly repeats his speech, and the isolation of this duty gives him the chance to banter with his shield-bearer and reflect on the beauty of his surroundings. This is the story of David and Goliath as seen from Goliath's side of the Valley of Elah. Goliath's battle is simultaneously tragic and bleakly funny, as bureaucracy pervades even this most mythic of figures. (STK456167)

JOHN STANLEY LIBRARY: MELVIN MONSTER VOLUME 1 HC
(W/A) John Stanley (CA) Seth
The classic children's comic strip in a handsome new archival series, designed by Seth. John Stanley is celebrated as one of the great children's comics writers for his work on the *Little Lulu* series. In fact, the *Lulu* work is a small part of his output; he drew and continued to write many other comics, notably his work on the 1960s teen comics from Dell (*Thirteen, Dunc and Loo,* and *Kookie*) and his monster comedy strip, *Melvin Monster.* (STK388860)

JOHN STANLEY LIBRARY: MELVIN MONSTER VOLUME 2 HC
(W/A) John Stanley (CA) Seth
Continuing Drawn & Quarterly's John Stanley archival series, *Melvin Monster Volume 2* is about the oddball monster boy who just wants to be good, go to school, and do as he is told. A satirical and funny sendup of the monster craze of the 1960s, *Melvin Monster* is a classic kids comic of the Silver Age. (STK407894)

NonNonBa is the definitive work by acclaimed Gekiga-ka Shigeru Mizuki, a poetic memoir detailing his interest in *yokai* (spirit monsters). Within the pages of *NonNonBa*, Mizuki explores the legacy left him by his childhood explorations of the spirit world, explorations encouraged by his grandmother, a grumpy old woman named NonNonBa. *NonNonBa* is a touching work about childhood and growing up, as well as a fascinating portrayal of Japan in a moment of transition. *NonNonBa* was the first manga to win the Angouleme Prize for Best Album. Pascal's in a bad place. He's out of work, he and his longtime girlfriend have just broken up, and when he goes out for a run to ease his frazzled nerves, he falls and injures his back so badly, he's strictly forbidden from running. What's an endorphin-loving cartoonist to do? In a bid to distract himself, Pascal throws himself into his other pleasure: reading. And while at the bookstore one day, he spies a young woman picking up his own book. But then she darts out of the shop without paying. Bemused, he decides to figure out why she did it. Pascal Girard intermingles an all-too-true-to-life snapshot of contemporary relationships with slapstick trials and dryly funny tribulations in this delightfully readable book. (STK641211) (C: 0-0-1)

REUNION GN
(W/A/CA) Pascal Girard
Though Pascal Girard initially dismisses the idea of attending his 10-year high school reunion, he quickly changes his mind when he receives an inviting e-mail from Lucie Coté, the girl he had a huge crush on in high school. Pascal becomes flustered with joy, but two problems remain: he must keep his almost uncontrollable infatuation a secret from his girlfriend, Julie, and he must do something about his weight. At 252 pounds, he frets that his weight will put him in the "loser" category among his former classmates, but most of all, he must do something to impress Lucie. *Reunion* is laugh-out-loud funny, with wry, selfdeprecating humor, and Girard's cartooning is effortless in its fluidity. O/A SUPERMUTANT MAGIC ACADEMY GN
(W/A/CA) Jillian Tamaki
Jillian Tamaki is best known for co-creating the award-winning young adult graphic novels *Skim* and *This One Summer*, moody and atmospheric bestsellers. *SuperMutant Magic Academy*, which Jillian has been serializing online for the past four years, deftly plays superhero and high school Hollywood tropes against what adolescence is really like: the Super-Mutant Magic Academy is a prep-school for mutants and witches but their paranormal abilities take a back seat to everyday teen concerns. This volume combines the most popular content from the webcomic with a selection of all-new, never-before-seen strips that conclude Jillian's account of life at the Academy. (STK668388)

(W/A/CA) Tom Gauld
Over the past eight years, Tom Gauld has produced a weekly cartoon for the Saturday Review section of the *Guardian*, Britain's most well regarded newspaper. Only a handful of comics from this huge and hilarious body of work have ever been printed in North America, exclusively within the pages of the prestigious *Believer* magazine. *You're All Just Jealous of My Jetpack* distils perfectly Gauld's dark humor, impeccable timing, and distinctive style. Arrests by the fiction police and fictional towns designed by Tom Waits intermingle hilariously with piercing observations about human behavior and whimsical imaginings of the future. MY FAVORITE THING IS MONSTERS

by Emil Ferris

$39.99 / SC / 432 pgs / FC / 8.75 x 11

My Favorite Thing Is Monsters is a murder mystery, a family drama, a sweeping historical epic, and a psychological thriller about monsters, real and imagined. Set against the political backdrop of late '60s Chicago, Karen Reyes tries to solve the murder of her enigmatic upstairs neighbor. Rendered in a kaleidoscopically visual style, Emil Ferris' draftsmanship echoes the drawing of Otto Dix, George Grosz, and Robert Crumb. This is a revelatory work of striking originality and will undoubtedly be greeted as the debut graphic novel of the year.

OTHERWORLD BARBARA

by Moto Hagio

$39.99 / HC / 400 pgs / BW with partial color / 7 x 9.5

In the first volume (of two) of Moto Hagio's *Otherworld Barbara*, Tokio discovers a phantom island named Barbara, there's a missing geneticist, an eccentric clergyman, a grandmother granted temporary youth, a psychologist killed by a freak tornado and more. Hagio offers a sci-fi explanation for these seemingly random paranormal elements, and makes it all matter with believable characters in complex and subtle relationships. This book won the "Nebula Award of Japan" (Nihon SF Taish Award) in 2006.

American Blood is a collection of cartoonist Benjamin Marra's (*Terror Assaulter*) provocative short stories from the past several years. 1980s trash culture and exploito entertainment are filtered through the prism of Marra's brain, producing a nasty brew of revenge, power and passion- all of the things that America celebrates and for which it is scorned. This is the definitive assembling of Marra's most underground work.

BAND FOR LIFE

by Anya Davidson

$29.99 / HC / 250 pgs / FC / 8 x 10

Band for Life is the darkly humored story of a noise rock band and their community of friends set in an alternate reality version of Chicago. Through disaster and squabbles, they stick together and help each other because the band is the fulcrum of their lives. Fusing elements of the *The Young Ones* to classic comic strips like *Peanuts* and John Stanley's *Melvin Monster*, *Band for Life* is a love letter to creative people compelled to create, with no hope of financial reward.

IN FOX'S FOREST

by Guy Colwell

$16.99 / HC / 80 pgs / BW / 8 x 11.75

In the tradition of Kipling's *The Jungle Book* comes a gorgeously rendered all ages fable reminiscent of the Golden Age of children's book illustration. Created by underground cartoonist and fine artist Guy Colwell (*Inner City Romance*), this instant classic is a metaphor for the artist's previous incarceration, and a meditation on masculinity.

DISILLUSIONED ILLUSIONS

DIRECT MARKET EXCLUSIVE!

by Greg Stump

$30.00 / SC / 356 pgs / BW / 5.5 x 6.5

A hilariously scathing send-up of current graphic novel pomposity, *Disillusioned Illusions* is an exploration of what happens when ambition collides with indolence. When a pair of silhouettes abandon the optical illusion business to make a graphic novel, they desperately hope the book will rocket them to fame and fortune. They'll do just about anything to finish their project except put forth any kind of effort whatsoever. All their attempts at evading the hard labors of proper storytelling backfire when the characters become entangled in a labyrinthine narrative of deception and betrayal.

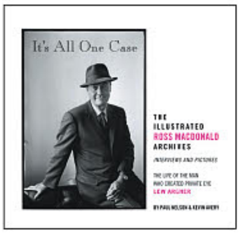
TOWARD A HOT JEW

DIRECT MARKET EXCLUSIVE!

by Miriam Libicki

$25.00 / SC / 128 pgs / Full color / 8.5 x 11

In her first collection of graphic essays, Miriam Libicki investigates what it means globally and culturally to be Jewish, dating from her time in the Israeli military to her tenure as an art professor. *Toward a Hot Jew* is a new high watermark in autobiographical comics and shows Miriam Libicki as a powerful witness to history in the tradition of Martjane Satrapi and Joe Sacco.



IT'S ALL ONE CASE: THE ILLUSTRATED ROSS MACDONALD ARCHIVES

by Paul Nelson & Kevin Avery, with Jeff Wong

$44.99 / HC / 304 pgs / FC / 10.25 x 10

In 1976, Paul Nelson spent several weeks interviewing legendary detective writer Ross Macdonald. Beginning in the 1940s, Macdonald had followed in the footsteps of Dashiell Hammett and Raymond Chandler, ultimately elevating the noir form to a new level. Far more than a collection of never-before-published interviews, *It's All One Case* is also a visual history of Macdonald's career, illustrated with the covers of his books, reproductions of manuscript pages, magazine spreads, and never before seen photos. *It's All One Case* is a fitting tribute to Macdonald's distinguished career.

But now, we find them slowly drifting out to sea. How did they get there? How will they escape? Stearn's work is rich with pathos, wit, farce and drama. Sometimes cruel but always funny, like a Winnie the Pooh for adults. As *Simpsons* creator Matt Groening says, "This epic tale of a hapless li'l bear and his defeathered friend is why I love comics. In the first volume of this new middle-grade series, Drew Weing delivers a fresh and funny take on the age-old battle between kids and closet-dwelling monsters. An avid blogger, Charles has stumbled onto the story of the century! Margo has sworn him to secrecy, but she doesn't mind him tagging along on her latest assignment. MIGHTY JACK VOLUME 1

(W/A/CA) Ben Hatke

Jack might be the only kid in the world who's dreading summer. But he's got a good reason: Summer is when his single mom takes a second job and leaves him at home to watch his autistic kid sister, Maddy. It's a lot of responsibility, and it's boring, too, because Maddy doesn't talk. Ever. But then, one day, she does talk. Maddy tells Jack in no uncertain terms to trade their mom's car for a box of magic beans. It's the best mistake Jack has ever made. The little garden behind his house is about to become home to tiny onion babies running amok, dangerous biting cabbages, and, in a fiery cliff-hanger at the end of this first volume: a dragon. Welcome to Kirawan, a planet that Kyle calls, "the worst place you could ever imagine." Kyle stumbles through his days doing his chores hoping to live up to the steep demands of his father, the head of the planet's mining operation. Still, it's not all bad, there's Q, Kyle's robotic K-9, basically the greatest pet in the known universe. However, during an upload of resources bound for earth, the alien natives of Kirawan launch a full scale attack on the human miners. VARMINTS GN

(W/A/CA) Andy Hirsch

Opie and Ned are adrift in the Old West, searching for the man who shot their Ma. These two youngsters only have each other, but with all their squabbling it's a miracle they still have that. When they get wind of the mysterious Pa ("crime kingpin of the West!"), Opie and Ned suddenly have something new: a mission. But tracking down the elusive (and deadly) Pa is going to take all the wiles these two kids have, and some new friends to boot. Clever, explosive, and deeply moving by turns, Varmints is a perfect middle-grade comedy. Hirsch brings an old-school Western style to bear on a story full of nuance, humor, and surprises. THE ART OF ATARI HARDCOVER

Recommended by Matthew Demory

Like many people in my generation, the first videogame console that I ever laid my eyes upon was an Atari 2600. Though the company had other game consoles after the 2600, this is usually the system that springs to mind when anyone mentions the name Atari. The graphics, sounds, woodgrain hardware, and even the logo based on Mount Fuji are iconic.

In the 80's the primitive graphics of the day didn't matter. How the game played and how you imagined the game characters looked was king. Imagination was at the very heart of every Atari game. A simple cursor could be a dangerous foe in *Yar's Revenge* while a simple arrow could be a brave star fighter in *Asteroids* surrounded by death at every turn.

Today we are spoiled for information on each new game before it hits the market. We can read online reviews, watch trailers, and in some cases even watch someone play the game on youtube before it is released to the public.

The Art of Atari by Dynamite Entertainment details how artists crafted some of the most creative artwork to grace a game cartridge in the history of the industry. In this title, authors Robert V. Conte and Tim Lapetino provide us with an insider look into their creative processes and influences of some of Atari's most accomplished artists such as Hiro Kimura (*Berzerk*, *Galaxian*, *Mario Bros.*), Cliff Spohn (*Air-Sea Battle*, *Breakout*, *Video Chess*), and others.

With Atari the box art played a key part in a buyer's decision process. Be sure to pick up this piece of videogame history from Dynamite Entertainment this October.

ARAB OF THE FUTURE: A GRAPHIC MEMOIR VOLUME 2: 1984-1985 SC
(W/A/CA) Riad Sattouf
The highly anticipated continuation of Riad Sattouf's internationally acclaimed bestseller, which was hailed by *The New York Times* as "a disquieting yet essential read." Riad, now settled in his father's hometown of Homs, gets to go to school, where he dedicates himself to becoming a true Syrian in the country of the dictator Hafez Al-Assad. Told simply yet with devastating effect, Riad's story takes in the sweep of politics, religion, and poverty, but is steered by acutely observed small moments: the daily sadism of his schoolteacher, the lure of the black market, with its menu of shame and subsistence, and the obsequiousness of his father in the company of those close to the regime. As his family strains to fit in, one chilling, barbaric act drives the Sattoufs to make the most dramatic of changes. (STL016202) (C: 0-1-0)

This graphic novel tells the true story of Benjy Melendez, a Bronx legend, son of Puerto-Rican immigrants, who founded, at the end of the 1960s, the notorious Ghetto Brothers gang. From the ravages of his neighborhood, wracked by drugs, poverty, and violence, he managed to extract an incredibly positive energy from this riot ridden era: his multi-racial gang promoted peace rather than violence. After initiating a gang truce, the Ghetto Brothers held weekly concerts on the streets or in abandoned buildings, which fostered the emergence of hip-hop. Melendez also began to reclaim his Jewish roots after learning about his family's dramatic crypto-Jewish background. (STK667661)

SOFT CITY GN

(A/CA) Hariton Pushwagner
The only graphic novel by the legendary Norwegian pop artist Hariton Pushwagner — completed in 1975, lost for decades, and never before published in the United States — is a scathing masterpiece in the tradition of *Brazil* and *A Brave New World* but with an off-kilter beauty all its own. Pushwagner gives us an epic, exuberantly intricate vision of a single day in a world gone wrong: a brightly smiling, disturbingly familiar dystopia of towering skyscrapers, omnipresent surveillance, and endless, distant war. Every face looks like the next, and language itself has gone soft: "CLEAN BOMB THE HAPPY WAY," blares the morning paper; "Heil Hilton!" barks an overlord on the news. Welcome to Soft City. MOONSHOT: INDIGENOUS COMICS COLLECTION

Recommended by Trevor Richardson

Like jazz and rock & roll, the comic book is an original art form born in America. Comics are a part of our heritage and tied to our expression as a culture. To tell the stories of a heritage that came before the United States, AH Comics has brought together more than a dozen comic industry veterans. From a time when mythology existed solely in the oral tradition, many of the stories in this collection have never been written down, much less represented visually. That combination of how two cultures have told each other stories is what makes this book so special.

Moonshot from AH Comics represents the heritage of First Nations people handed down to a new generation through America's original art form, the comic.

BAD MACHINERY, VOLUME SIX: THE CASE OF THE UNWELCOME VISITOR

JOHN ALLISON (W/A/C/CA)

144 Pages, **$19.99**, RELEASE DATE: **11/16/16**

School is out for summer, and for the Tackleford mystery team, that means lazy days, balmy evenings, and... creeping existential dread that threatens the whole city. With half the team gallivanting off to exotic locales (like Aunty Kath's in Margate), can Linton, Jack, and Lottie solve this season's most dire case?

The Case of the Unwelcome Visitor, the sixth book in John Allison's award-winning *Bad Machinery* series, pits our young heroes against the terrors of the unfamiliar and unknown. Lottie's mum and sister have both fallen in love (thanks to the internet), Linton is determined to save his father from the soul-sucking responsibility of a promotion, and why is Jack working at the local paper with team nemesis (and hot-shot reporter) Erin Winters? Isn't print meant to be dead?

Could the link between these tangled threads be The Night Creeper, who prowls Tackleford's streets and leaves people in the hospital with a blank stare and a terrible smile on their face?

"Anyone not reading it is missing out on one of the great achievements of contemporary comics."

OH JOY SEX TOY, VOLUME 3

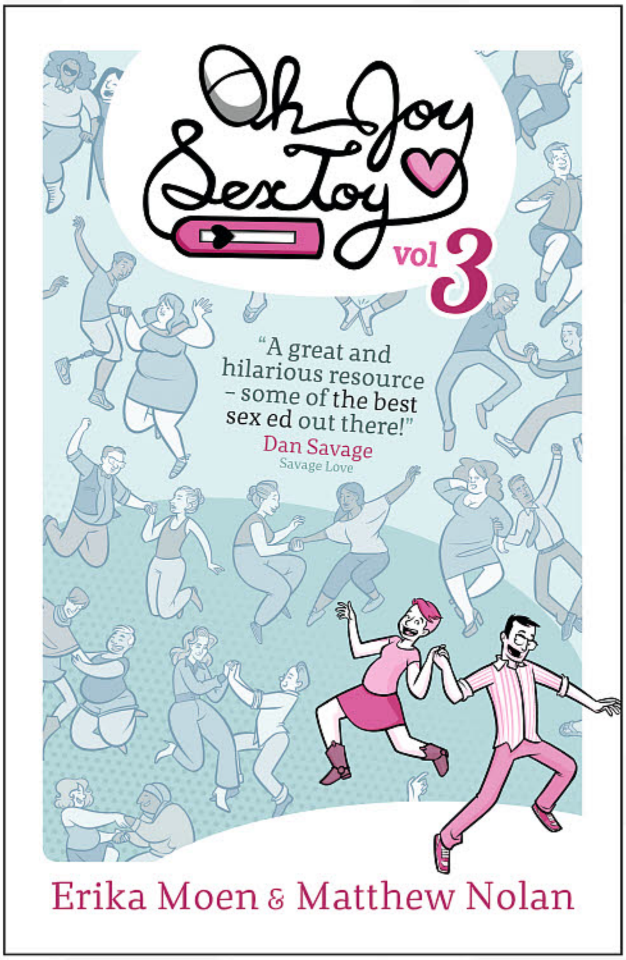
ERIKA MOEN (W/A/CA) **MATTHEW NOLAN** (W/C)

312 Pages, **$29.99**, RELEASE DATE: **11/09/16**

Erika and Matthew think the world of sex is pretty rad.

Using humor and research, their awesome comics are about everything that relates to sex. They review sex toys, share sex education, interview sex workers, and crack horrible, horrible puns, all in the name of promoting sex positivity.

In this third volume they visit a swingers' house party and a queer porn set and cover all sorts of topics like HPV, foreskins, and UTIs, in addition to the newest and oddest sex toys. Each volume is a unique dive into the world of sex, making this book a great standalone addition to your shelf whether you've already read the rest of the series or this is your introduction.



"Rather than the mechanical monotony of most pornography or the clinical detachment of so much sex education, Moen's comics are funny, charming, even sweet."

POCAHONTAS: PRINCESS OF THE NEW WORLD GN

(W) Loic Locatelli-Kournwsky, Sandra Smith (A/CA) Loic Locatelli-Kournwsky

A stunning interpretation of the unforgettable story of America's greatest Indian princess, vividly illustrated as never before. Pocahontas, daughter of Chief Powhatan, has been promised to her betrothed, Kokum, according to custom. At that very moment, three British ships arrive on the coast of America. It is 1607, and the life of Pocahontas — like the fate of the entire American continent — is about to change dramatically. With her great love of freedom — as well as her belief in understanding and tolerance between the two peoples — and by defying her father's taboos, Pocahontas forges a relationship with the British colonists who have just disembarked. She secretly provides them with food and saves the life of the handsome Captain Smith — and falls madly in love. (STL015836)

THE MIGHTY ONE: MY LIFE INSIDE THE NERVE CENTRE SC

(W) Steve MacManus
In 1973, twenty-year-old Steve MacManus joined Fleetway Publications in London as a sub-editor on one of the UK's top adventure titles, *Valiant*. Within six years, he would rise to become editor of the company's most celebrated weekly, *2000 AD*, shepherding it through its "Golden Age" as he commissioned numerous hit series such as *The Ballad of Halo Jones*, *Sláine*, *Bad Company*, *Rogue Trooper*, *Nemesis the Warlock*, and more, ensuring its place as the most influential comic Britain has ever produced. In this warm and witty memoir, MacManus lifts the lid on the fiercely creative environment that was British comics in the 1970s and '80s — from the hugely successful launch of *Battle* to the controversial censorship of *Action*, from the brief life of *Starlord* to the stellar rise of *2000 AD* and *Judge Dredd*. BECOMING ANDY WARHOL GN
(W) Nick Bertozzi
(A/CA) Pierce Hargan
Celebrated during his lifetime as much for his personality as for his paintings, Andy Warhol (1928-87) is the most famous and influential of the Pop artists, who developed the notion of 15 minutes of fame, and the idea that an artist could be as illustrious as the work he creates. This graphic novel biography offers insight into the turning point of Warhol's career and the creation of the "Thirteen Most Wanted Men" mural for the 1964 World's Fair, when Warhol clashed with urban planner Robert Moses, architect Philip Johnson, and Governor Nelson Rockefeller. *Becoming Andy Warhol* showcases the moment when, by stubborn force of personality and sheer burgeoning talent, Warhol went up against the creative establishment and emerged to become one of the most significant artists of the 20th century. STARS of the MONTH

JOHN CARPENTER'S ASYLUM VOLUME 1 HC
(W) Bruce Jones & Various
(A) Leonardo Manco
There's a war coming to the City of Angels. In tunnels beneath the city, in the dark alleys among the homeless, demons lurk and Lucifer bides his time. One man knows. One man sees. One man walks those dark streets. Father Daniel Beckett's seen demons and he's spoken to the Devil, but he's never seen an angel and he's never spoken to God. Obsessed and driven as much by betrayal as righteousness and anger as redemption, he is God's warrior at war with God. Supernatural horror with that twist of fate that only flawed mankind can provide. (STK654920) (C: 0-1-0)

CARTHAGO HC

Recommended by Trevor Richardson

When you hear the basic premise of Christophe Bec's *Carthago*, it's almost impossible not to think *Jaws*, *Sharknado*, *Piranha 3D*, or a dozen other names. The urge to make "you're gonna need a bigger boat" jokes as you watch a massive Megalodon chomp through a whale is strong, but you quickly realize that this is not a retread of another shark-themed B-movie. Bec's story has something that is lost in recent offerings that are "supposed to be dumb" and that is watching a writer actually take his own outlandish premise seriously. That gravitas is what separates Jaws from *Sharknado*, and it separates this book from those swimming in the same proverbial waters.

When an underwater drilling expedition unearths a prehistoric cave, the ancestor of the Great White Shark is unleashed. Admittedly, there are some Jaws tropes, you have your bearded Richard Dreyfuss analog and your legendary shark hunters, but the similarities stop there. This isn't the story of a small town trying to keep the beaches open. *Carthago* crosses over into borderline *X-Files* territory with shady corporate cabals looking to cash in on the find of the century, mysterious billionaires with their own agendas, and a little girl having precognitive dreams about facing down the great maw of the Megalodon.

Bottom line, don't judge Carthago by the giant 80-foot shark in the room, there is way more going on here and none of it is what you expect.

NEW YORK TIMES BEST SELLING WRITER

ROBERT VENDITTI COUNTS DOWN TO X-O MANOWAR #50

You've not only had one of the longest writing runs in modern comics with X-O MANOWAR, but also the longest ever tenure on any single series in Valiant's history. What are you building towards now with the series' final arc in LONG LIVE THE KING?

Robert Venditti: First, we want this final arc to be a good story that ties together a lot of the plot threads that we've laid out throughout the series, whether it be ENTER: NINJAK, the Armorines, the Armor Hunters, and so on. But I also want to have it serve as a celebration of the entire run. I don't mean that we're spiking the football and talking about how awesome we are, but really revisiting a lot of the famous moments and plot points that people have responded to over the years. It hopefully gives people a tour of what the series has been all about and brings it to a satisfying conclusion.

The main antagonists of LONG LIVE THE KING are The Torment. Who are they, and what makes them unlike any foe X-O Manowar has faced before?

RV: The Torment are beings who readers thought were mythological up until they appeared at the end of issue #46. We're going to find out about them, how they're related to Aric and the armor, and why they've come to Earth. In a lot of ways, as much as what Aric has been through has been incomprehensible to a 5th Century Visigoth, this will be even more so. This is really going to stretch the bounds of the wider Valiant Universe and Aric's place in it . Beyond that, The Torment are tremendously powerful, far more so than anything else we've seen at any point anywhere in the series. That's saying a lot because Aric has gone up against giant robots and a planet made up of death machines and all sorts of other things.

Of course, this is all marching towards X-O MANOWAR #50 – a massive, oversized anniversary finale and one of Valiant's most important single issues to date. What can we expect from this milestone and what does it represent for the character?

RV: We're going to have a lot of surprises in the storytelling, but also with the roster of creative talent involved in the issue. This is a 56-issue run that I'll be able to look back on and be very proud of.

There's also a colossal stable of artists contributing to the issue. Who will you be working with on your final chapter in X-O MANOWAR #50? Will any familiar faces from the past be returning for this issue?

RV: Handling a lot of the main storyline will be Joe Bennett and Roberto de la Torre. But we're also bringing in a slate of other artists to celebrate key moments from the series. Whether it's Cary Nord revisiting PLANET DEATH, Doug Braithwaite revisiting ARMOR HUNTERS, and there are several more as well. It's also important to stress that the reason why these moments are being revisited is an integral part of the story. When I was sitting down for this issue, I knew that Aric would have an encounter that would involve him revisiting a lot of the things he's done. My hope was that we could bring in the artists that drew these original storylines as sort of the last time we're all on the book again. I couldn't be happier that Valiant was able to make that happen. ■

(NINJAK)

On the fringes of civilization, the world's first detective is about to make an unholy discovery...

Ruled by the Fates. Manipulated by the Gods. Commanded by Caesar. In the year 65 A.D., one's destiny was not his own. At the height of Nero's reign, a veteran of Rome's imperial war machine has been dispatched to the farthest reaches of the colonies to investigate unnatural happenings... In the remote outpost of Britannia, Antonius Axia - the First Detective - will become Rome's only hope to reassert control over the empire's most barbaric frontier...and keep the monsters that bridge the line between myth and mystery at bay...

From comics mastermind Peter Milligan (*X-Statix, Shade the Changing Man*) and incendiary artist Juan Jose Ryp (NINJAK, *Clone*) comes a psychological journey into terror, temptation, and bloodshed - presented in an all-new prestige format limited series!

DIVINITY II TPB

The much-anticipated follow-up to the five-time sold-out series that The Onion/A.V. Club calls the "Best New Superhero of 2015" is here!

At the height of the Cold War, the Soviet Union - determined to win the Space Race at any cost - green lit a dangerously advanced mission. They sent three cosmonauts farther into space than anyone has gone before or since. Handpicked orphans with no connections to Earth, trained as devout Communists, and restricted from having families, they became lost in the stars and encountered something unknown... Something that changed them.

Long thought lost and erased from the history books, Abram Adams was the first to return, crash-landing in the Australian Outback. The few that have been able to reach him believe him to be a deity. They say he can bend matter, space, and even time to his will. But, even with seemingly limitless power at his fingertips, he is concerned only with the secret love he hid away from his superiors and the unborn child he never had a chance to meet.

Now, Myshka, the female co-pilot of the group, has also returned to Earth...but, unlike Abram she had no secret family. Unlike Abram, she still believes in the Communist ideal. And, unlike Abram, she intends to play a very real role in the return of Soviet glory.

Gathering all three volumes of R. Crumb's acclaimed *Art & Beauty Magazine*, this publication guides the reader through the 20-year history of Crumb's magazine, from the earliest images in the 1990s to the most recent drawings completed in 2016. Drawings of women in positions ranging from lascivious to modest are accompanied by quotations, many of which are from artists such as Leonardo da Vinci and Harvey Kurtzman. The images appeal to a purely erotic sensibility, which is undercut by the inclusion of often philosophical prose. This beautiful edition, with a cover specifically designed by Crumb, is a wonderful window into Crumb's world of bodies and ideas, art and beauty, for seasoned supporters and novices alike. ALAN MOORE: JERUSALEM NOVEL

(W) Alan Moore

In the half a square mile of decay and demolition that was England's Saxon capital, eternity is loitering between the firetrap housing projects. Embedded in the grubby amber of the district's narrative among its saints, kings, prostitutes, and derelicts, a different kind of human time is happening, a soiled simultaneity that does not differentiate between the petrol-colored puddles and the fractured dreams of those who navigate them. Employing a kaleidoscope of literary forms and styles that ranges from brutal social realism to extravagant children's fantasy, from the modern stage drama to the extremes of science fiction, Jerusalem's dizzyingly rich cast of characters includes the living, the dead, the celestial, and the infernal in an intricately woven tapestry that presents a vision of an absolute and timeless human reality in all of its exquisite, comical, and heartbreaking splendor. An opulent mythology for those without a pot to piss in, through the labyrinthine streets and pages of Jerusalem tread ghosts that sing of wealth, poverty, and our threadbare millennium. (STL015882)

But just as he's packing his bags, Harry receives a warning from a strange, impish creature named Dobby who says that if Harry Potter returns to Hogwarts, disaster will strike. Fresh torments and horrors arise, including an outrageously stuck-up new professor, Gilderoy Lockhart, a spirit named Moaning Myrtle who haunts the girls' bathroom, and the unwanted attentions of Ron Weasley's younger sister, Ginny. But each of these seem minor annoyances when the real trouble begins, and someone — or something — starts turning Hogwarts students to stone. FASCINATING: THE LIFE OF LEONARD NIMOY HC

(W) Richard Michelson (A/CA) Edel Rodriguez

A moving biography of the late Leonard Nimoy, the iconic Spock from *Star Trek*, whose story exemplifies the American experience and the power of pursuing your dreams. Once there was a boy named Leonard who loved to sing and to act. His parents were immigrants who felt like aliens in America, and certainly didn't understand Leonard's drive to perform. He moved to Hollywood, where he took acting lessons, and drove a taxi and took every role he could get. He worked hard, learned his lines, showed up on time, and studied his craft. Until one day he was offered the role of an alien science officer on a new TV show called *Star Trek*. Leonard knew what it felt like to be an alien. But did he want the role? *Fascinating* is the story of how one boy followed his dreams to become one of the most beloved figures of our time. (STL014967) (C: 0-1-0)

GODZILLA™

GODZILLA 12-INCH SERIES: GODZILLA 1984 VERSION FIGURE

From X Plus USA. The Return of Godzilla (a.k.a. *Godzilla 1985* in the U.S.) Was the sixteenth film in Toho's *Godzilla* series, and was the beginning of a rebooted series of films, ignoring all of the films from 1955's *Godzilla Raids Again* through 1975's *Terror of Mechagodzilla*. The film, which was a direct sequel to the original 1954 film, *Godzilla*, was produced to coincide with Godzilla's 30th anniversary, and returned the series to the darker themes and mood of some of the early films, returning Godzilla to his old destructive ways as well. This 12″ scale figure captures the Kaiju King's new look from the film. Directed by Takao Okawara with special effects by Koichi Kawakita, the 19th *Godzilla* film remains the highest grossing film of the entire *Godzilla* series, and featured a soundtrack score by legendary composer Akira Ifukube (who won a Japanese Academy Award for his score). The film was the second highest grossing film in Japan in 1993, second only to *Jurassic Park*. This 12″ scale figure continues the development of Godzilla's size and mass. Ever been driving and and had the urge to destroy? Traffic that's keeping you from getting to your important appointment? Tailgaters riding your bumper when you can't get out of the way? BACK TO THE FUTURE: FLUX CAPACITOR CAR CHARGER

Great Scott!! Marty has travelled back in time and taken the Flux Capacitor with him. We're not exactly sure where, so Doc Brown has authorized ThinkGeek to make these smaller Flux Capacitors so you can search time for Marty. Each one is capable of returning to a specific point in time, so you can join the search. Just plug it into your car's 12V vehicle power adapter (cigarette lighter) and turn it on. 88 m.p.h. and... ok, don't go that fast. That would be bad, because the Flux Capacitor Car Charger won't really take you through time, but it will charge all your USB-powered goodies. Each Flux Capacitor Car Charger has two USB ports, each capable of charging almost any USB powered device (1 x 1A and 1 x 2.1A). But it also has that beautiful Flux Capacitor light sequence we all know and love. Even traffic jams (either terrestrial or aerial, if your car is powered by Mr. Fusion) won't bother you because your device will be charging and the Flux Capacitor Car Charger's pulse will make you feel more important than anyone else. STAR WARS: DEATH STAR TEA INFUSER

It's no secret that Darth Vader has anger issues. He's quick with the barking of orders and the Force choking. He rules by intimidation, which works... okay. We wonder, though, if Vader could take a page from a leader who had the admiration and respect of his crew: Jean-Luc Picard. And let's face it, the crew of the *Enterprise* were much better shots than the average Stormtrooper. What's the big difference between the two leaders? Tea, of course. Earl Grey. Hot. If only Vader could sit down and wrap his black gloves around a steaming mug of bergamot-scented tea, then he could get to the bottom of all his anger and be a more productive leader. Then maybe someone could have fixed that thermal exhaust port so it didn't go directly to the reactor system. Alas, we can't rewrite history... but you can muse about what could have been while steeping your favorite tea leaves in this stainless steel Death Star Tea Infuser. Dishwasher safe. GAME OF THRONES: DRAGON EGG COOKIE JAR

This green, ovoid canister looks so innocent. People not familiar with Game of Thrones might ask you why you have a huge artichoke on your counter. And at that point, you can turn on them, eyes flashing, and quietly utter the words, "How dare you insult my dragons?" Because to anyone worthy of your attentions this is obviously a container modeled after Rhaegal's egg from *Game of Thrones*. Perfect for storing pre-hatched dragons (capacity: 1) or whatever strikes your fancy. Maybe exotic cookies from the Eastern Market in Vaes Dothrak? The cookies stored in this container are beyond compare, Khaleesi. It is known. Until a future comes in which condensation no longer exists, coasters will be a useful device. These is a set of 4 coasters that look and sound like *Star Trek*: The Original Series transporter pads. Yes, we said "sound." When you place a drink on one or remove it, the coaster lights up and plays either a materialization or a dematerialization sound. (Lights turn off after 10 seconds to preserve batteries.) If it's all a little too overwhelming, you can set it just to light up. But that's basically only half the fun. Each coaster requires 2 CR2032 button cell batteries (not included). GAME OF THRONES: WAX SEAL COASTERS 4-PIECE SET

There is a lot of drinking in the *Game of Thrones* series. Whether your personal tastes run more toward a Tyroshi Pear Brandy or pure water fresh melted from The Wall is more your speed, there is one thing that holds true. If you set that chalice down on a family heirloom (and darn near everything in one of the castles is a family heirloom), the lady of the house is going to make sure you're sorry. You may not even realize you've done anything. And you wouldn't like how they exact revenge in Westeros. Be safe and carry with you one of these officially licensed, 100% silicon *Game of Thrones* Wax Seal Coasters. Each depicts sigil of one of the houses of Stark, Lannister, Targaryen, Baratheon, Greyjoy, and Tyrell. Better yet, carry the whole set of 6 along with you so that you can be sure to pull one out of a house that's on friendly terms with your hosts at the time. A TRUE WORK OF LOVE, ***THE ART OF ATARI*** TAKES VIDEO GAME FANS BACK IN TIME TO THE DAWN OF A NEW ERA IN HOME ENTERTAINMENT, FEATURING RARE AND LITTLE-SEEN ART AND GRAPHICS FROM ONE OF THE TRUE PIONEERS OF VIDEO GAMING.

THE ART OF ATARI HARDCOVER

Recommended by Matthew

Like many people in my generation, the first videogame console that I ever laid my eyes upon was an Atari 2600. Though the company had other game consoles after the 2600, this is usually the system that springs to mind when anyone mentions the name Atari. The graphics, sounds, woodgrain hardware, and even the logo based on Mount Fuji are iconic.

In the 80's the primitive graphics of the day didn't matter. How the game played and how you imagined the game characters looked was king. Imagination was at the very heart of every Atari game. A saimple cursor could be a dangerous foe in *Yar's Revenge* while a simple arrow could be a brave star fighter in *Asteroids* surrounded by death at every turn.

Today we are spoiled for information on each new game before it hits the market. We can read online reviews, watch trailers, and in some cases even watch someone play the game on youtube before it is released to the public.

The Art of Atari by Dynamite Entertainment details how artists crafted some of the most creative artwork to grace a game cartridge in the history of the industry. In this title, authors Robert V. Conte and Tim Lapetino provide us with an insider look into their creative processes and influences of some of Atari's most accomplished artists such as Hiro Kimura (*Berzerk*, *Galaxian*, *Mario Bros.*), Cliff Spohn (*Air-Sea Battle*, *Breakout*, *Video Chess*), and others.

With Atari the box art played a key part in a buyer's decision process. Be sure to pick up this piece of videogame history from Dynamite Entertainment this October.

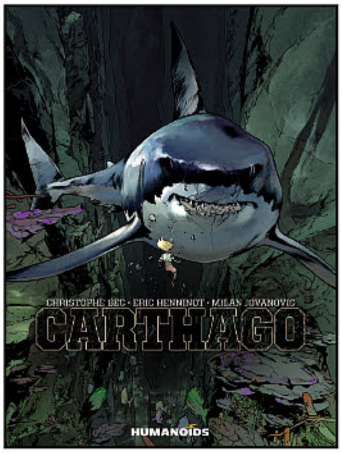
CARTHAGO HC

Recommended by Trevor



When you hear the basic premise of Christophe Bec's *Carthago*, it's almost impossible not to think *Jaws*, *Sharknado*, *Piranha 3D*, or a dozen other names. The urge to make "you're gonna need a bigger boat" jokes as you watch a massive Megalodon chomp through a whale is strong, but you quickly realize that this is not a retread of another shark-themed B-movie. Bec's story has something that is lost in recent offerings that are "supposed to be dumb" and that is watching a writer actually take his own outlandish premise seriously. That gravitas is what separates *Jaws* from *Sharknado*, and it separates this book from those swimming in the same proverbial waters.

When an underwater drilling expedition unearths a prehistoric cave, the ancestor of the Great White Shark is unleashed. Admittedly, there are some Jaws tropes, you have your bearded Richard Dreyfuss analog and your legendary shark hunters, but the similarities stop there. This isn't the story of a small town trying to keep the beaches open. *Carthago* crosses over into borderline *X-Files* territory with shady corporate cabals looking to cash in on the find of the century, mysterious billionaires with their own agendas, and a little girl having precognitive dreams about facing down the great maw of the Megalodon.

Bottom line, don't judge Carthago by the giant 80-foot shark in the room, there is way more going on here and none of it is what you expect.

DARK SOULS: LEGENDS OF THE FLAME #1

Recommended by Travis

The winner take all, hardcore 3rd person RPG *Dark Souls*, having rewritten the rules of modern gaming, has inspired a new comic anthology! In case you haven't been paying attention, *Dark Souls* is set in a beautiful medieval landscape awash with mythological lore and bereavement. True to its nature, we get the sense of lonesome adventure, and overwhelming dread, dotted with beacons of hope. This book has bonfire stories following the most engrossing gaming experience ever, whether you are prepared or not!

MOONSHOT: INDIGENOUS COMICS COLLECTION

Recommended by Trevor

Like jazz and rock & roll, the comic book is an original art form born in America. Comics are a part of our heritage and tied to our expression as a culture. To tell the stories of a heritage that came before the United States, AH Comics has brought together more than a dozen comic industry veterans. From a time when mythology existed solely in the oral tradition, many of the stories in this collection have never been written down, much less represented visually. That combination of how two cultures have told each other stories is what makes this book so special.

Moonshot from AH Comics represents the heritage of First Nations people handed down to a new generation through America's original art form, the comic.

"HALLOWEEN IN JULY" CREATOR INTERVIEWS

As we jump the gun and celebrate All Hallow's Eve some four months before that special night in late, late October, we called upon some of today's top creators and new voices to tell us about themselves, and the horrifying work they've been conjuring, all in the name of horror and the supernatural!

SZYMON KUDRANSKI

Please tell us a bit about yourself!

I'm an artist mostly working in comics book.

What are your favorite horror comics you've contributed to over the past decade?

There are so many, as I love the horror, thriller and drama genres. But the ones that stick to my mind every time I think "Horror" are the *30 Days of Night Annual*, *Spawn* and current Aftershock Comics series, *Black Eyed Kids*. There's also *Penguin: Pain and Prejudice* (JUN120249) from DC that I would call more "Horror" than a "superhero" book. In it, young Oswald Cobblepot is being abused and humiliated by his own family, which eventually pushes him to the brink and shapes him to become another Gotham psychopath. That's a $%@&ing horror story more than anything with monsters and blood and guts everywhere.

What new horror title are you currently working on?

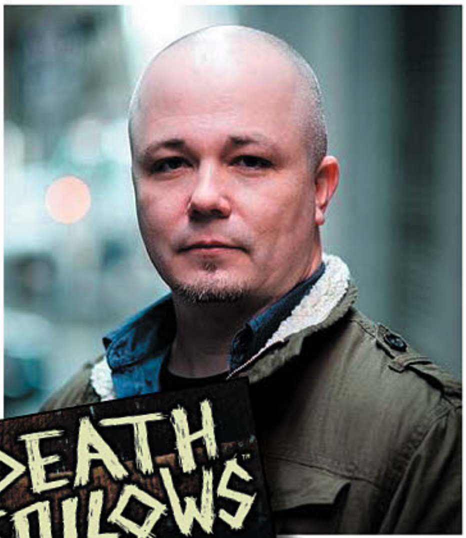
Black Eyed Kids from Aftershock Comics with writer Joe Pruett. It's one of those books that mixes up Horror and Drama with a great atmosphere, slowly building up its story to the point where the reader can really get into and empathize with the characters.

What is the scariest horror title that you have read from any publisher?

One of the best books that scared me and hypnotized me (which is not easy to do without moving pictures and sound!) was *30 Days of Night* (DEC042684) by Steve Niles and Ben Templesmith. There was also *Hellspawn* (JUN100416) by Brian Bendis and Ashley Wood.

FLIPSIDE...OF HORROR!

CULLEN BUNN



Please tell us a bit about yourself!

I am the writer of a number of comic books such as *Harrow County*, *Death Follows*, *The Sixth Gun*, *The Damned*, *Uncanny X-Men*, and *Deadpool Kills the Marvel Universe*. Much of my work veers into horror territory, probably because I'm just messed up on some level. I'm a horror junkie who cut his teeth on the genre by sneaking out of my room to watch vampire flicks on the late-late show, listening to a recording of the *Legend of Sleepy Hollow* on a 45rpm record, and reading *way* too many issues of *Famous Monsters of Filmland* and *Fangoria*!

What are your favorite horror comics you've contributed to over the past decade?

If we're talking about straight horror (rather than, say, dark fantasy) I'd have to go with *Harrow County* (v1/AUG150030) and *Death Follows* (JAN160137). I love the back-woodsy nature of these stories. They're also very different representations of horror, with *Harrow County* being lighter and more hopeful, and *Death Follows* being one of the darkest stories I've ever written. I'm also pretty proud of *Wolf Moon* (JUL150342) and *Blood Feud* (FEB161685), both of which presented new spins on the werewolf and vampire myths respectively.

What new horror title are you currently working on?

I'm continuing to work on *Harrow County*, but I also have five other horror titles that are either in the process of being written or have been completed and are awaiting publication. Stay tuned for these books!

What is the scariest horror title that you have read from any publisher?

When I was a kid, I read a short story in a horror anthology comic in which a kid was chased by the smoke that billowed from his grandfather's pipe. I don't know what book that was in, but I credit that story with scaring me so bad that I never took up smoking. I'd love to find that book again! But the scariest comics I think I've read would have to be Junji Ito's *Uzumaki* (AUG131498) Those stories are so unsettling and strange. Great stuff!

JIM ZUB

Please tell us a bit about yourself!

My name's Jim Zub. I'm a Canadian comic writer and art instructor living in Toronto. I grew up immersed in sword & sorcery novels, RPGs, cartoons, and (of course) comics and am thrilled to now have the chance to collaborate with artists on a variety of different comic titles for Marvel, Image, IDW, UDON, Dark Horse, and others.

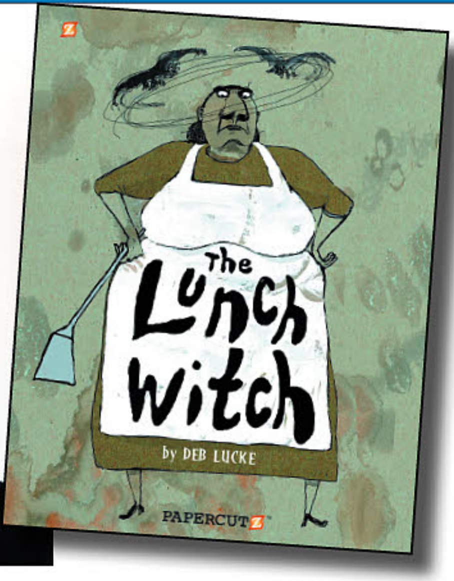
What are your favorite horror comics you've contributed to over the past decade?

I'm not generally known for my horror output, but the *Conan-Red Sonja* mini-series published by Dark Horse had a suitably creepy atmosphere and a mind-bending creature from beyond time and space our heroes had to fight. I also wrote a nasty short story for Vertigo's POP Anthology called "Little Medals" all about how technology and abstract digital achievements have infested our lives.

What new horror title are you currently working on?

My newest creator-owned comic is called *Glitterbomb* (**See Page 208!**) and it's being published by Image in early September. It's a horror story about a struggling middle-aged actress who gets possessed and decides to exact revenge on Hollywood. It's a twisted sarcastic tale of fear, failure, and fame.

DEB LUCKE



Please tell us a bit about yourself!

Deb Lucke came to writing after many years working as a creative in advertising. So you can see why her mind has taken a dark twist. She decided that fear is funny and so she writes about what scares her. The obstacles her characters must overcome in order to reach their dreams can certainly be categorized as horror. Things such as the need to grow-up, facing the truth that you are alone in the world, and being your real and true self. They are so scary in fact, that her most well-known character, Grunhilda, is 154 and still facing these monsters. *The Lunch Witch* (FEB151548) was a voted one of the "Top Ten Graphic Novel 2015" by School Library Journal.

What are your favorite Halloween comics you've contributed to over the past decade?

I've just been invited to contribute to an anthology about murder. My murderers will be squirrels. Does that count?

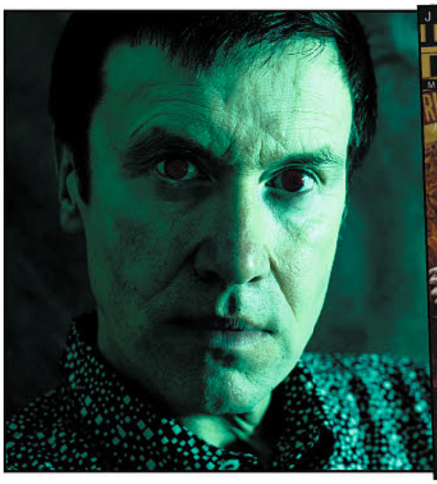
What new Halloween-themed title are you currently working on?

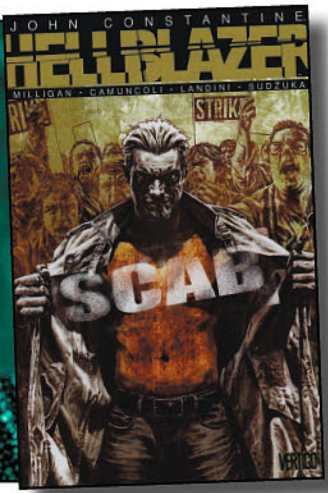
Why thanks for asking! The second *Lunch Witch* book: *Knee-Deep in Kindness* (**See Page 420!**) is coming out just in time! And feel free to buy the first *Lunch Witch* if you haven't already. We are stocking up.

What is the most fun Halloween-themed title that you have read from any publisher?

I loved Hic and Hoc's *Unknown Origins & Untimely Ends*, Edited by Emi Gennis

PETER MILLIGAN





Please tell us a bit about yourself!

I sleep upside down in the cellar of my house in London, the city where I was born. When I haven't been haunting the dreams of innocents by foul means I have been haunting the dreams of less than innocent comic book readers through my stories in *2000 AD*, Marvel Comics (the cultish *X-Statix*!) and perhaps most notably Vertigo, where I gave shrieking life to titles like *Enigma*, the currently being published *New Romancer* (Vol. 1/MAY160343), and *Shade the Changing Man*. My work has also included the controversial *Skin*, about a thalidomide affected Skinhead.

What are your favorite horror comics you've contributed to over the past decade?

That would have to be *Hellblazer*. My run saw John Constantine face all manner of scary situations, including getting married! A lot of my work veers towards the dark or the weird — see *The Discipline* (MAR168335) from Image — but I don't consider myself a horror writer per se.

What new horror title are you currently working on?

I'm not. Who told you I was? Has someone been telling lies about me? Suddenly I feel I'm trapped in a Kafkaesque paranoid nightmare. Oh no, I'm turning into a giant insect!

TY TEMPLETON

Please tell us a bit about yourself!

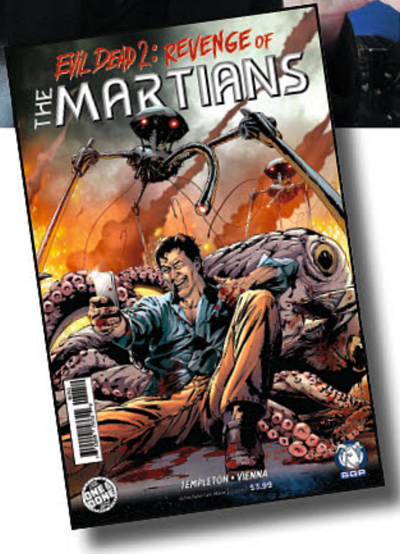
I've been writing and drawing comics for more than thirty years, and I'm known mostly for various versions of *Batman* (*Batman Advs. Vol 1*/AUG140337), *Superman*, *Spider-Man* (*Big Time Vol 3*/NOV140890), and Justice League (*JL Intl. Vol. 4*/DEC090212). I'm quite proud of the comedy stuff I do on projects like *MAD Magazine*, *Howard the Duck*, *The Simpsons*, Mad *Dog and Hoverboy*. I'm very happily married with four very tall kids, and three fairly short cats.

What are your favorite horror comics you've contributed to over the past decade?

My favourite horror comic I've ever worked on was an issue of *Vampirella* I did with Bruce Timm some years back. It gets reprinted every year in some new format or *Vampirella* collection, and I'm always seeing versions of it I've never seen before. It includes an adorable image of Vampi bathing in a waterfall of blood that I'm quite fond of, and some lovely Timm artwork on every naughty page! And being honest, I'm having a ball working on the *Evil Dead 2* projects I'm doing right now. The splashy Grand Guignol dark comedy in the Evil Dead II world is right up my evil comic book alley.

What new horror title are you currently working on?

Well, my graceless sense of timing revealed the answer to this one in the last question. I'm currently working on an *Evil Dead 2* one-shot for Space Goat Publishing called *Revenge of the Martians* (**See Page 430!**), featuring Ash fighting off the Martians from the *War of the Worlds*. I'm writing and laying out the art, as well as doing a cover for the book. The *Evil Dead* stuff has been on continuous loop on my TV for the last couple of weeks… and it's scaring the hell out of my cat, and my wife doesn't like how often I cover myself in blood and teeth marks *"just to get into the mood"*!



What is the scariest horror title that you have read from any publisher?

The scariest title from a publisher is a hard one to pin down. But if I had to pick my favorite title that was "kind of" horror, it would have to be DC's *Wasteland*, but it was far more "weird" than it was "horror", and I worked on the book a little bit, so I can't be unbiased. I'll settle on Vertigo's *Hellblazer* (*Vol. 1: Original Sins*/DEC100302), which includes some of the best horror fiction ever done in comics, in more than one story, too.

OTIS FRAMPTON

Please tell us a bit about yourself!

My name is Otis Frampton and I'm a comic book writer/artist and animator. I'm the creator of *Oddly Normal* (Vol. 1/JAN150646) at Image Comics, and the webcomic and animated series "ABCDEFGeek." I'm also one of the two artists on the popular animated web series "How It Should Have Ended."

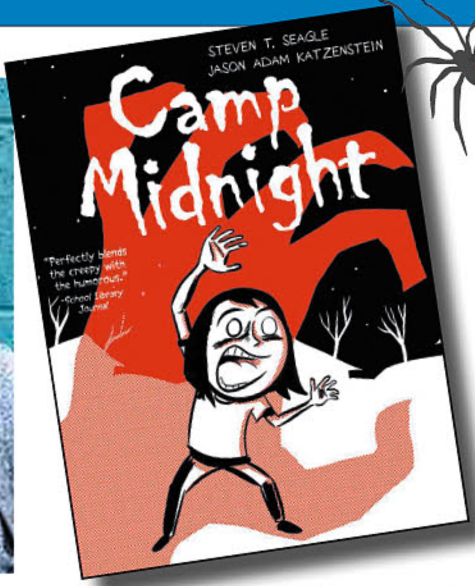
What are your favorite Halloween comics you've contributed to over the past decade?

I illustrated a book called "Tombstone Twins" about kids who die, go to the underworld and have to live on with the scars or trauma of whatever killed them. Kid dies from drowning? All wet... forever. Kid dies from electrocution? Shocked... forever. That was a fun one.

What new Halloween-themed title are you currently working on?

My Image Comics series *Oddly Normal* isn't necessarily Halloween-themed, but there are classic monsters in it, so I suppose that counts! I'm working on Book 4 right now. There are monsters in this one, too. And monsters. And did I mention monsters? It's got those, too. Also... monsters.

STEVE SEAGLE



Please tell us a bit about yourself!

I am a partner in Man of Action Entertainment. We're the creators of things like Cartoon Network's *BEN 10* and the team and characters for *Big Hero 6*. I've been writing comics for almost 30 years with 7 Eisner nominations for various books I've worked on. I publish all my new stuff through Image Comics these days.

What are your favorite Halloween comics you've contributed to over the past decade?'

For mature readers I did a long-running creepy Vertigo series called *House of Secrets* which is perfect for a long Halloween freak-out read in its huge omnibus edition. It's a haunted house story with a courtroom procedural element. For much younger readers, my Image kids story book *Frankie Stein* (JUL100412) is about a monster boy who runs away from home on Halloween night and thinks the whole world is filled with creepy ghouls! And I even did a short story in one of DC's Halloween specials a few years ago drawn by John Paul Leon.

What new Halloween themed title are you currently working on?

My latest Halloween offering is *Camp Midnight* (FEB160616), an original 248-page graphic novel from Image. It tells the tale of Skye, the only human girl at an all-monster kid summer camp. One of my fave moments in it is when the monster kids carve "hideous" human faces into their jack o'lanterns! Jason Adam Katzenstein drew the whole book in creepy cool colors. He and I are also working on something new. Stay tuned!

What is the most fun Halloween themed title that you have read from any publisher?

If we're talking "fun" horror comic books , then I have a soft spot for Steven Weissman's Yikes. The creepy little kids in it are called things like "Li'l Bloody" and "Dead Boy" and "Kid Medusa" and they have these macabre neighborhood adventures that feel like dark and twisted *PEANUTS* strips! If we're talking older readers the creepiest comic ever for me is still *Black Hole* (MAY128209) by Charles Burns.

FRANK HANNAH

Please tell us a bit about yourself!

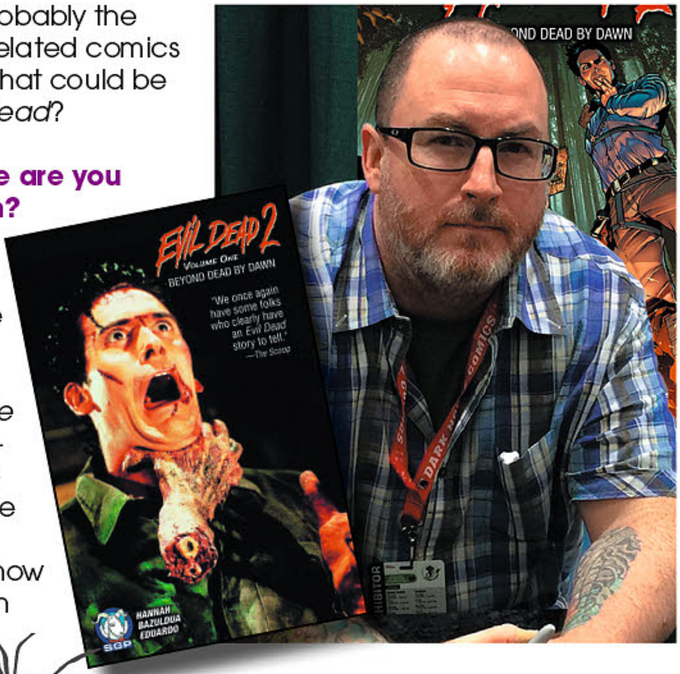
Scottish-born writer and filmmaker Frank Hannah is predominantly known for his work in film. He is heavily influenced by crime fiction and '70s filmmaking. More recently, he's been the ongoing writer for the *Evil Dead 2* comic published by Space Goat (OCT151638). He currently resides in Southern California.

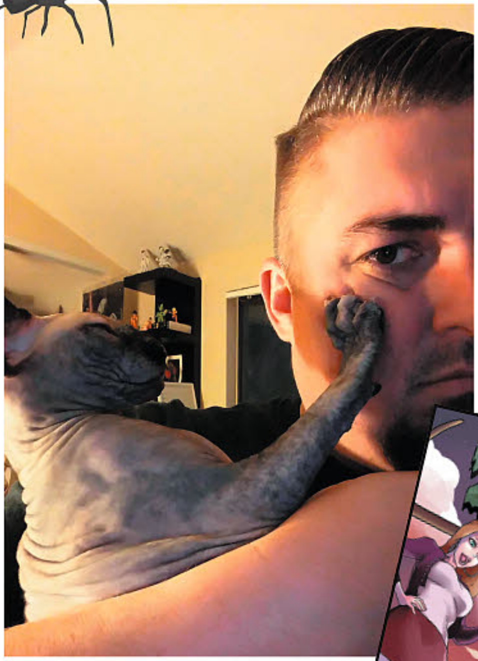
What are your favorite horror comics you've contributed to over the past decade?

I would say my work with the *Evil Dead 2* property is probably the favorite of all horror-related comics I have worked on. What could be better than the *Evil Dead*?

What new horror title are you currently working on?

Currently, *Evil Dead 2: Dark Ones Rising* (See Page 430!) is the latest and greatest book I am working on, along with *Zombie Camp* which is an all-ages book about the summer camp zombie parents send their zombie kids to learn how to survive the "human apocalypse."





DAN MENDOZA

Please tell us a bit about yourself!

Dan Mendoza: creator, writer and artist of hit monthly series, *Zombie Tramp*, published by Action Lab Entertainment. With a background in animation and a love for comic books, Dan Mendoza set out to make his own title using the elements that influenced him most: Grindhouse movies, Russ Meyer films, Tokyo Shock cinema, horror, and anime. These 5 ingredients combined together to make *Zombie Tramp*! With the first seven books done completely on his own, with guidance from comic editor and friend Jason Martin, the book was eventually picked up by Action Lab for their "Danger Zone" Mature Readers line.The company stayed alert to Dan's "cult" following and offered to put together a creative team to tackle making *Zombie Tramp* a regular ongoing series and is now on its third year as a monthly series!

What are your favorite horror comics you've contributed to over the past decade?

Every issue of *Zombie Tramp* is a Horror comic. But if I were to choose which storyline I liked the best, I'd say the "Bitch Craft" story arc from *Zombie Tramp Vol. 7* (JAN161019) in which Janey/Zombie Tramp goes undercover at a high school to take out a couple of witch bullies that are using their newfound powers to heckle and even murder some of the geeky and less popular students.

What new horror title are you currently working on?

Currently we are putting together the *Zombie Tramp* jumbo sized special issue spectacular. The book will contain three short Halloween-themed storylines. We're also expanding the *Zombie Tramp* universe with a new title that will debut for Halloween Comic Fest this year. Get set for the bizarre tale of DOLL-FACE, the story of a ball-jointed sex doll come to life to exterminate a band of witches from the 17th century, living in today's society!

What is the scariest horror title that you have read from any publisher?

I've always been a big fan of the *Hellboy* series, but I remember in the '90s I was really into the first runs of the *Hellraiser* series..

CHRISTOPHE BEC

Please tell us a bit about yourself!

I was born in Rodez, a small village in the south of France in 1969. Fascinated by comics since I was a kid, I studied at the European School of Visual Arts at Angoulême. In 1991, some friends and I published a comic on the "Beast of Gevaudan", a famous story about a beast who killed more than 100 people in France in the 18th century. It may be this fascination for cryptozoology that brought me to write *Carthago* (**See Page 390!**)! Before this book, I drew *Sanctum* (MAR151401), written by Xavier Dorison and published by Humanoids in 2014.

What are your favorite horror comics you've contributed to over the past decade?

For many readers, *Pandemonium* (DEC111110) is one of my best stories and I'd say it is the one that I am most proud of. But *Sanctum* is also a major part of my bibliography. I loved working with Xavier Dorison! Initially the story was very action-oriented. I suggested to Xavier that he should push the writing to a more horror related genre, and take a Lovecraftian approach. Xavier delivered by completely capturing H.P. Lovecraft's signature mood and atmosphere and adapting it to *Sanctum*. The more he wrote, the more he got into it! He even upped the ante by challenging me to draw the scariest scenes ever.
